MURDER SUSPECT HELD IN \$25,000

Court Declares War is Over in Ireland

Supt. Molloy Insulted at Last Night's Meeting of the School Committee

Mr. Delaney Questions Superintendent's Ability—Committeeman Bruin Declares Present System of Recommendations Gives Superintendent Chance to Play Politics—Mr. Molloy Says if He Had Stenographic Report of Meeting He Would Seek Redress

Another almost unmentionable meeting of the school committee was held last night at city hall and was marked with unfortunate exchanges between the superintendent and Mr. Delaney, the superintendent and Mr. Bruin, and others. Charges and accusations were freely made and Mr. Delaney stated that the only way the school committee could get any information from the superintendent was to "knock it out with an axe." Mr. Molloy protested the insults proffered and said if a stenographer had been taken notes of the meeting he would seek redress.

Prior to the public meeting, the mem-

bers of the committee, with the exception of the chairman, Mayor Donovan, retired in an antechamber connected with the committee-room and held a private discussion which lasted about 25 minutes.

The meeting was called to order at 8:10 o'clock with all members present. Following the acceptance of the records of the previous meeting, the resignations of Miss Etheldred A. Wilmet of the high school and Miss Gertrude McQuade, a teacher who has been on leave of absence for some time, were accepted.

A financial report on the condition of

THE LOCAL ANTHRACITE COAL SITUATION

Arrives to Answer to Indictment Charging Blackmail and Larceny

As the result of the impending local strike of anthracite coal miners, local dealers have been besieged with orders for this product and the supply at hand has been inadequate to meet the great demand. Several of the dealers are without anthracite coal at present and do not look for a change in the situation for three or four weeks yet. This is attributed to the fact that the retail dealers are subject to the allotment system which prevails in practically every section of the country, where each dealer is apportioned so much coal per month. The allotment is made in comparison to the profits received in other years when the coal situation was normal, dealers here are now awaiting their assignments for the coming

METHUEN OFFICER FAILS TO IDENTIFY MAN ARRESTED IN BILLERICA AS MURDER SUSPECT

Paul F. Butter, Alias Statius Sarantakes is Held in \$25,000 in Connection With Murder of Methuen Policeman—Was Arraigned in District Court Charged With Operating Auto Without a License and Carrying a Revolver Without a Permit

Police Officer John MacDonald, who was on duty with Police Officer Arthur J. Bower when the latter was shot and killed about 2 o'clock this morning, on the Lawrence-Lowell boulevard in Methuen, by three men in an auto, came to police before 1 o'clock in the guard room of the police station, when the man under arrest was lined up with other men. Officer Mac-

Donald was positive that the man held was not one of the three men who were in the auto, as he said he could recognize any of the three at an instant.

The identity test was made shortly before 1 o'clock in the guard room of the police station, when the man under arrest was lined up with nine other men. Officer Mac-

Donald was positive that the man held was not one of the three men who were in the auto, as he said he could recognize any of the three at an instant.

SAYS OLD DURKEE HOUSE CAN BE RENEWED

William Sumner Appleton, secretary of the Society for the Preservation of New England Antiquities, takes issue with the local inspector of public buildings in the matter of the Old Durkee house and in a letter to Charles H. McIntire, secretary of the Lowell Historical society, says he believes the structure can be renewed and saved as a monument of great historic value. Mr. Appleton contends that reports have reached him within the year to the effect that the old timbers in the house still are fairly sound and adequate as a foundation for reconstruction and renewal.

Referring to the report of Building Inspector Francis A. Connor, who recommends the demolition of the house, Mr. Appleton states in his letter to Mr. McIntire that he believes Mr. Connor has allowed superficial appearance to dictate his decision and probably is quite ignorant concerning the value of a restored and preserved old house as a civic feature and an educational asset to the city.

PELHAM-LOWELL LINE IS DISCONTINUED

After 20 years of public service, the Massachusetts Northeastern Railway company yesterday permanently discontinued service on the Pelham-Lowell line. This is the first step in a program of curtailment which will in the course of the next six months, leave several miles of track useless. During the early part of its existence the Pelham-Lowell line was extensively patronized but the rise of the automobile, coupled with other reasons, rendered it unprofitable.

Despite the removal of transportation service, Pelham will still remain a town and without doubt in this era of automobile some means of transportation will be obtained although perhaps not as efficient as the service rendered the town by the street railway company for the past 20 years.

An interesting sequel to the abandoning of this line is the restoration of Conductor Odie G. Eller, the first conductor to run a car over this route and who last evening collected the last fare which will ever be taken on the Pelham-Lowell line.

LICENSE BOARD HOLDS MEETING

The license commission transacted little business at its regular meeting last night. Only three applications for new licenses were made.

Theophilus Lirette, of 155 Pawtucket boulevard surrendered a common victualler's license and a Lord's day license and George H. Allen of 247 Dutton street surrendered a lodging house license.

The licenses renewed follow: Junk collector, Hyman Warshawsky of 76 Royal street; job wagon, John Bray of 155 Church street; lodging house license, Alice O. Boyle of 247 Dutton street, and hawk and peddler license, John Stephen, 66 Fulton street.

Applications for the following licenses were granted: Common victualler and Lord's day license to Antoine Langlois of 155 Pawtucket boulevard; common victualler license to George Christopoulos of 529 Dutton st.

STRUCK BY AUTOMOBILE

Nellie Gelgunas, 8 years old, of 15 Pleasant street, was struck by an automobile operated by Rose E. Sargent of No. 10 Tewksbury on Andover street last night about 8:30 o'clock. The child was taken to St. John's hospital, and although her condition is not serious an X-ray will be taken today to determine the extent of the injuries to her head.

BOYHOOD HEROES

FOOD SHORTAGE THROUGHOUT RUHR

DUESSELDORF, Aug. 1.—By the Associated Press) The effects of last week's fall of the mark are beginning to show themselves in a pronounced food shortage throughout the Ruhr.

The farmers are refusing to exchange good potatoes for badly depreciated money and in consequence, potatoes, meat and other staples are almost unobtainable at any price. The farmers simply will not bring to town anything that will keep. This is true not only in the Ruhr but elsewhere in Germany.

The situation has become so acute that an aggravation of the present shortage is felt, would make food riots not improbable.

GREAT INTEREST IN COTTON REPORT

WASHINGTON, Aug. 1.—The government's monthly cotton report to be issued today was awaited with unusual interest in the cotton world by producers, traders and manufacturers in view of the present comparative scarcity of raw cotton supplies. A month ago a crop of 11,012,000 bales was forecast by the department of agriculture basing its calculations on the condition of the plants on June 25, which was 69.9 per cent of a normal

JUNIOR KNIGHTS OF K.K. TO BE ORGANIZED

INDIANAPOLIS, Aug. 1.—Organization of the junior knights of the K. K. has been definitely decided upon by the national executives of the Klan are anticipated in September. In 20 states will be called within the next few days according to an announcement made here today by Milton Blood, editor of the Klans Cross, a Klan publication. Headquarters of the organization are to be located here, it was stated. Provision also will be made for the enrollment of girls in a separate branch of the Klan order and the ages for membership in both divisions will be from 12 to 18 years old. Mr. Elrod said.

and on the area in cultivation on that date, which was 38,287,000 acres, the largest area planted in the history of the industry. Last year's crop amounted to 9,011,517 bales; the acreage 34,016,000 and the July 25 condition was 70.8 per cent of a normal. The average production for the last ten years was 11,890,589 bales, the average acreage was 34,418,600 and the average July 25 condition 72.4 per cent of a normal.

AMUSEMENT NOTES

THE RIALTO THEATRE

Wesley Barry, the lad of many freckles and the smile that never wears off, is announced for an appearance at the Rialto theatre beginning Thursday, where he will be seen in "Heroes of the Street." In this Warner Brothers production Wesley is seen as a plucky boy whose bravery helps him to do many things at which the grown-up spectators will be astounded. He is cast in a role that gives him unusual opportunity to reveal the sides of him that are not called out in his other pictures. "Pearl," "School Days" and "Rags to Riches." In them he was a mischievous, truculent urchin always ready for a new prank; here he is all this plus a new quality that will all the more endear him to his many followers among boys, men, women and children of this city.

Humor and pathos are said to be

VERY LIGHT RAINFALL ERE IN JULY

Lowell had a total rainfall during the month of July of 2.255 inches, an unusually low precipitation, and until last Saturday could boast only of 1.057 inches. Against this fall there is a meagre rainfall for July covering a period of 48 years of 3.785 inches.

Locks and Canals records also show that only one of the 11 storms during the month had any considerable area. That was the one of the 16th, which stretched from the Probie house in the White mountains to Lowell, caused a precipitation of .399 of an inch here, 1.25 inches at the Profile house, 1.30 inches at Cromwell's Falls, N. H., and falls in lesser amounts at towns in between.

PHILLIES KNOCK REDS OUT OF SECOND PLACE BY DOUBLE VICTORY

CINCINNATI'S PENNANT HOPES JOLT-ED WHEN PHILLIES WIN TWIN BILL

Upset Gives Giants an Unexpected Addition to Their Lead—Pirates Lost to New York, But Moved Up to Second Place—Braves Win From Cubs—Indians Trim Red Sox

NEW YORK, Aug. 1.—The Phillies yesterday took a double header from them and dropped them to third place in the National league thereby handing the Giants an unexpected addition to their lead. The Pirates, although they lost to the New York team, moved up to second place.

The Phillies allowed Cincinnati just one run in each game, and won by scores of 2 to 1 and 5 to 1. The first game was a close pitcher's battle between Bixby and Ring, both the latter having to do the work. Cough was hit hard in the second game and removed in the fifth inning. Mitchell, after bumping heads with Holke while chasing a foul fly, fell unconscious and had to be carried off the field.

The Giants had some difficulty in trimming the Pirates, who took four wins in the seventh inning, but finally won 5 to 4.

The Indians and the Cardinals split even in St. Louis, the home team winning the first game, 11 to 3, and

"RED" CHAPMAN WINS TWILIGHT LEAGUE GAME

Gets Decision Over Terry Martin—Dillon Beats De Salvo—Corbett Wins

BOSTON, Aug. 1.—Clenched fists and straight punches more than discounted aggressiveness and open-hand slaps for the Lowell Independents. Twilight League fans may look for a battle royal on the South common tomorrow night. Mulno and Dolan will be at the time of the start, and there are a host of other performers. When with the Highland Footlights they played a big part in bringing the championship to Louis' Lord's team.

Mulno has pitched two games for the Americans, the first resulting in a tie, and the shots scored by Chapman were clean, straight and true, and while he did a bit too much backhanding, he left out only in the last few sessions, the counted for points in his favor.

Martin had most of the "peep" last night and it was on tap from the start of the melee until the tail end when Chapman's heavier punches to head and body sent him back and slowed him down. The Provençal champion was a clean, straight and true, and while he landed the more blows, particularly in the first half of the night, many of them were either aimed at or scored with the heel or instep of his glove. Consequently, they did not count, in fact, were delivered at a great loss to himself in the final summing up.

After a fast semifinal of 10 rounds between E. O. Eddie Williams of East Boston and Willie Corbett, the Harvard student, preceded the main bout. Williams is a southpaw and dangerous, but Corbett outmaneuved and outboxed him last night and had a good seven rounds out of ten.

In the opening bout of the tournament, Frank Zurelli of the South End proved too strong for George Steggs of Revere and the latter's seconds tossed over the towel in the fifth round to save him from further punishment.

Jack Dillon of Auburn boxed ringside in this batch it is expected that Shubert, Trask and "Bank" Garvey will be in the next bout. It would set the rate of 16 rounds and the award was given to Dillon.

TUNNEY BEATS O'DOWD

NEW YORK, Aug. 1.—Gene Tunney, American light heavyweight champion, was given the judges' decision over Dan O'Dowd of Boston, after a 12-round bout last night in the Queensboro Stadium. The champion started off with both body blows in the fifth round, O'Dowd landed less than half a dozen solid punches in all the rounds.

The crowd favored both fighters until they got the cue. Tunney's blows were ineffective in most of the rounds and his fighting was wild. Tunney weighed 174 pounds and O'Dowd 175.

VILLA OUTCLASSES WILLIAMS

PHILADELPHIA, Aug. 1.—Pancho Villa, world's flyweight champion, gave Kid Williams of Baltimore a terrible beating in the future bout at Shettles' park here last night. The little brown man outclassed, outfought and out-generaled the veteran Baltimore boxer from the start.

A sensational finish by Eddie (Kid) Wagner of this city earned him a triumph over Eddie Cleary in eight rounds.

MORE TEAMS FOR THE MASS. STATE LEAGUE

Local patrons of the Massachusetts Twilight League may look forward to seeing a couple of new teams in the circuit in the near future. Rumor has it that Groton, Lawrence and North Attleboro are planning to join in the league. The Lowell team, this week, followed the example of the defunct Lowell team, this week, and disbanded for lack of financial patronage. Lawrence now wants to enter a team in the Mass. State and would propose a new addition.

Portland and Weymouth situated in close proximity to each other, have also manifested intentions of joining the fast Mass. circuit and are on the verge of making application for admission. Action will be taken on the matter at the next meeting of the league representatives.

WITCH CITY GAME IS CALLED OFF

The game between the Lowell C. M. A. C. and the Salem town team, scheduled for tonight in the Witch City, has been called off. Next Friday night on the Textile campus the C. M. A. C. will play the fast Ware team. This game was originally scheduled for tomorrow night, but was postponed because of the large attendance in Granville. The Abbot Worsted play the leading Pittsburgh outfit. Next Saturday afternoon Woonsocket comes to Lowell for a tilt with the C. M. A. C. All Alumni fields. Those two home games on the local schedule look promising.

One of the most famous fishing grounds, the Dogger Bank, in the North Sea, is said to be falling off as a source of supply.

word with you.

It's simply this:

If the headlines are upside down, or if the type is "pled," or John Smith's name appears under Mary Brown's picture, or editorials are relegated to the market pages and the marriage notices sandwiched in between accounts of baseball games and golf matches—

Please don't lose your temper.

After Herrmann Cup

The aproned gents, of course, are trying to guard against all this. But there's a pretty fair chance it might happen.

And here's how and why:

A lot of linotype operators are destroying their machines and "floor" their type cases. No, they're not walking out on strike. They're packing up and coming here to the big town.

Quite true, all the boys aren't joining the Gotham crewmen, but those at home will be so interested in what the fellows here are doing

that there's liable to be a few slips now and then.

Cleveland on War Path

Mayor John F. Hylan, who happens to be vice president of the league, will be out to pitch the first ball in the opening game, official duties permitting. President Joe Dallas of Boston and Secretary Ed Springmeyer of St. Louis, will occupy a front box.

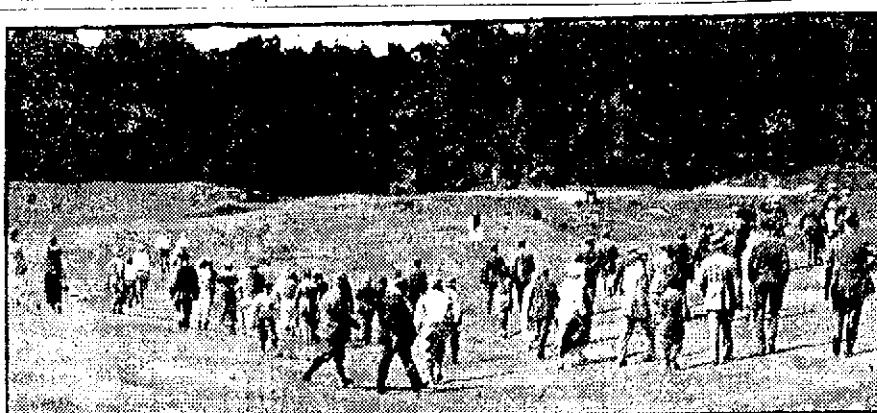

There'll be other athletic contests besides. The fat men will have their race and the thin fellows will be kept busy, too.

The Typographical union is the only labor organization that goes in for an international or even a national athletic event.

All summer the different teams have been playing other outfits in their home localities. Many are amateurs in their cities. They're always in first class condition when the tournament rolls round.

And printers throughout the country are waiting for the final verdict.

So folks, have a heart if your favorite newspaper is a bit out of line, these next few days.

VETERAN CHICK STILL DRAWS THE CROWDS

There were plenty of golf bugs in the gallery when Chick Evans of the Edgewater club, Chicago, seven times western champion, downed Freddie Lamprecht of Dover Bay, O., in the elimination matches of the western amateur tournament at the Mayfield Country Club in Cleveland.

JOE LYNCH MATCHED TO LOWELL C. M. A. C. LOSES CHELMSFORD A. A. WINS MEET PANCHO VILLA TO ABOT WORSTEDS

NEW YORK, Aug. 1.—Joe Lynch, lightweight champion, and Pancho Villa, lightweight title holder, signed yesterday to meet in a 12-round exhibition fight in Philadelphia on Aug. 27. Promoter Hoff offered Lynch \$10,000 to sign with Villa and also, a \$10,000 guarantee.

Lynch is a real challenge to come and play ball and not sidebar in any way. The White Stars have victories to their credit; over the Columbias and the Belmonts and also claim the junior amateur inter-city championship after defeating the Excelsiors of Lawrence in the best three out-of-five game series.

The manager of the White Stars accepts the challenge of the Nationals to play for \$50 or \$100 a side and would like a representative of the latter to meet him at 667 Madison Avenue, the White Stars' headquarters, pending a date with the Salem A. A. Bertrand Brothers, St. Anne's of Lawrence, Harry of Lawrence, and Smith and Davis of Andover, Thomas are wanted with the Princeton A. A., Pawtucket A. A., Merrimack and Jaffrey, Address all communications to Bertrand H. Durkin, 44 Broad Street.

SECRETARY RELEASES HARDING'S ADDRESS

PRESIDENTIAL HEADQUARTERS, Palace Hotel, San Francisco, Aug. 1.—(By the Associated Press)—Secretary George B. Christian made public last night the address President Harding was to have delivered in San Francisco last evening at the Civic Auditorium on the accomplishments of the administration in the international field.

Secretary Christian's statement announced the president's decision from his sick bed to release the address is as follows:

"The president before leaving Washington and during his journey to Alaska prepared speeches dealing with the fundamental questions of policy and performance on the part of the administration. Most of these have been delivered. One was prepared to be delivered in San Francisco, Tuesday, July 31, and advance copies of this like the others, were furnished the press, awaiting release upon delivery."

"The San Francisco speech was to deal with foreign relations, and was a carefully considered and carefully prepared document. But for his illness the president would have delivered the speech according to schedule; but this being prevented he now feels that it should go to the public through the medium of the press and for the information and consideration of the people. Therefore he has directed that the speech be released."

In his address President Harding presented the view of his administration on pending international relationship affecting the United States in the permanent court of international justice as the next major step to be taken.

"With becoming dignity we have maintained our rights; we have yielded willingly to the rights of others and we dwell in cherished and unthreatened peace," he declared after enumerating the achievements of the last two and a half years, including the conclusion of peace with Germany, Austria and Hungary, the armistice conference and the British debt settlement.

Two pending international questions were discussed by the chief executive. With respect to one—the recognition of Russia—he declared, "International

good faith forbids any sort of sanction of the Bolshevik policy." The other question concerned relations with Mexico and in discussing it Mr. Harding said he earnestly hoped the American commission now in Mexico City would achieve "definite and favorable results."

Having in the past two and a half years, as he said, "strengthened our friendly relationships" and done much to promote peace in the world, "the United States," he maintained, "should now do its part to bring the blessings of peace and absence of fear of war to the other nations of the world."

"Nations ought no more need resort

to force in the settlement of their disputes or differences than do men in this enlightened day," he asserted.

"Out of this conviction, out of my belief in a patient world craving for the agencies of peace, out of the inevitable presidential contact with the World war havoc and devastation and the measureless sorrow which attended and has followed, I would be insensitive to duty and violate all the sentiment of my heart and all my convictions if I failed to urge American support of the permanent court of international justice."

"I do not know that such a court will be unfailing in the avoidance of war; but I know it is a step in the right direction, and will prove an advance toward international peace for which the conscience of mankind is yearning."

Evidently having in mind published statements by members of the senate and others criticizing his St. Louis address in which he proposed a reconstruction of the creative machinery of the court, the president said:

"My own sincerity of purpose has been questioned because I do not insist that we shall accept the existing World court precisely as provided. Personally I would vastly prefer the policy of submitting all controversies in which we are concerned to the court as it sits today, as against any other agency of settlement yet devised. As president, speaking for the United States, I am more interested in the form attainable than I am concerned about the triumph of presidential insistence. The big thing is the firm establishment of the court and our cordial adherence thereto. All else is mere detail."

Radio Broadcasts

STATION WCL MEDFORD HILLSIDE 5 P.M.—"Twilight Tales," read by Miss Eunice L. Randall.

5:20 P.M.—New England weather forecast furnished by the United States Weather Bureau; closing report on farmers' program and live stock market and cotton and eggs reports;

closing stock market reports; 6 P.M.—Late news and sports.

RELIEF OF TRAFFIC BLOCKADES

Anybody who witnesses the blockades of traffic on Central street between Tower's corner and Merrimack street on a Saturday afternoon or evening, will readily realize the necessity of relief of this congestion. How it will come or when, is a problem that cannot be definitely answered just at present. If we had ample financial resources at command, we might recommend a subway under that part of Central street and also under the lower part of Gorham street, which is much too narrow for street car and other miscellaneous traffic. When automobiles park even for a short time on either side of that part of Gorham street, there is a blockade of traffic that is very annoying not only to those who are held up but to the business places on that street.

But it is not quite so bad in this respect as lower Central street. It is very evident that in the course of time, something must be done to remedy the congestion that frequently occurs on the latter street. Parallel streets have been suggested, for the purpose, particularly one leading from Palmer street to Jackson or Middlesex street; but this would have to run through several mill buildings and would, therefore, be a very expensive proposition. Another street that would help in some degree, would run from East Merrimack street somewhere near the lines of Davidson street to Church street near its junction with Warren street. It would be comparatively easy to construct that street and the outlet would be so serviceable that the project should be taken up by the city council in the near future. The need of such a street has been vastly increased by the construction of the Memorial Auditorium that brings large assemblies to East Merrimack street. We have no hesitation in saying that this improvement is demanded by public convenience and necessity.

PREVENT THE COAL STRIKE

It would seem that we are now headed straight for another coal strike and sequel of the anthracite coal mines. The working agreement in force between the operators and miners will expire on Sept. 1. The miners have made a number of new demands, one of which is complete recognition of the union which the operators say has been in force for the last 20 years. The miners demand that a check-off system be installed under which the operators would deduct union fees from the pay of all the miners employed, thus making membership in the union compulsory. The operators will not consent to do this nor is it reasonable that they should.

Apparently the necessities of the public have not been considered on either side. The bituminous coal operators have issued a statement that they will supply all the soft coal that will be needed to make up any deficiency in the supply of anthracite that might result if the threatened strike takes place.

The people who have been using anthracite don't want the soft coal. It is time that the government should step in and convince both miners and operators that they must settle their differences and produce the supply of coal needed by the public. Otherwise, the government should seize and operate the mines, until such time as the operators and miners agree upon rates of wages and working conditions. The people suffered enough last year as a result of the miners' strike and are not in a temper to go through a similar experience this year.

CHIEF HIGHWAY MENACE

In spite of all the rules, regulations and statutes for promoting safety on the highways, the number of accidents resulting from the operation of motor vehicles continues to increase. So also does the number of fatalities on the highways, due to these accidents. Doubtless the state authorities, whose business it is to regulate such traffic, are at their wit's end to find a method that will actually promote safety, put a stop to reckless driving, reduce the number of collisions and the number of accidents at grade crossings with the attendant horrors such as were reported in the newspapers Monday morning following the recklessness of the Sabbath.

One suggestion we have heard in reference to these Sunday accidents is, that if the operators would say their prayers on Sunday morning before starting on a day's journey and make a firm resolve to avoid every kind of danger so that they might return alive to their families in the evening, the effect might be much better than any warning from state or municipal authorities.

Ordinarily the number of accidents resulting from the speed maniac and unskilled driving is sufficiently tame to cause alarm; but another factor has come to add to the menace and that the most dangerous of all, is the operator who becomes intoxicated and runs amuck upon the highways, endangering the lives even of the most careful drivers wherever he goes. One method of overcoming this menace, at least in a degree, is to stop the manufacture of moonshine in the cities and towns of the state; another is to stop the bootlegging business and a third, which is merely punitive, would be to send to jail every driver found under the influence of drink while operating a motor vehicle on the highways. This would have a deterrent effect that would help in some measure; but the main remedy lies in the strict enforcement of the liquor law throughout the state.

It has been found that various camps located at or near summer resorts in suburban districts, are used for the sale and distribution of moonshine. These camps are reached by automobile, the drivers of which fill up and then start for home over the highways under conditions that make accidents to themselves or others almost a certainty. It appears, therefore, that it would be well for the authorities in charge of enforcing the liquor law to look after such camps and see that they are not made places of rendezvous for drinking parties or for the sale or distribution of moonshine.

But, however blameworthy the drunken drivers and the reckless speed maniacs may be, they are not responsible for all the accidents or all the fatalities that occur on the highways. For many of these the parents of children are responsible because of their allowing the little ones to run at large on the highways, crossing and re-crossing the great streams of motor vehicle traffic. When a child runs in front of an approaching automobile, the most careful driver can hardly avoid an accident, fatal or otherwise. In some such cases, drivers have turned their machines to the roadside and run into stone walls or telegraph poles or bring down embankments as a result of endeavoring to avoid killing children.

SEEN AND HEARD

Women knowing how to raise children are kept too busy to tell.

A summer resort is a place where everybody is from somewhere.

The young couple who invented kissing had just been eating crabapples or green persimmons.

The brightest boy in the neighborhood is the one who knows the make of every auto he sees.

Seeing moose and deer, and caribou in isolated streams adds very materially to a fellow's vacation.

A Thought

If they hear not Moses and the prophets neither will they be persuaded, though one rose from the dead—Luke 16:31.

It is no advantage to be near the eye if the eyes are closed—St. Augustine.

Little Give-away

The maiden was with a possible suitor and her little sister was also with them. They were crossing a river in a rickshack ferryboat, when the little sister exhibited some signs of fear. "Why, Dolly," said the big sister, "if you're so nervous now, what will you do at my age?" "Thirty-nine!" replied the little sister promptly.

Blue Parking Space

With some misgivings, a scientist belonging to the Labor party consented to lecture for the benefit of detachment of tourists. Leading them to the top of a dune, he said: "This is the vast and silent Sahara desert, 2000 miles long and 200 miles deep." He expected them to be awed. But the only response was this from a cheerful spectator: "What a wonderful lot of parking space."

How Oswald Did It

Oswald had the habit of asking for something to eat whenever he happened to be at a neighbor's house, so his mother told him he must never do such a thing. The next time he returned from a visit to the neighbor's she asked him if he had begged for anything to eat. "No," he replied. "I didn't. I was just talking to myself about how hungry I was and they heard me."

Be Wondered Why

He was head master in an English school and his name was Key. He was interested in his boys in manners and customs abroad. Talking of Spain, he said: "Now, in Spain when a man attains to eminence he is not called 'Sir,' but is given the title 'Don.' I went there, for example, I should be styled 'Don Key.' And he wondered why they laughed.

Not in Their Day

Two old bachelors were having a conversation on a streetcar, filled with flappers. "What do you call 'blue-blooded red stuff,'" asked one. "Lip stick," responded the other. "They didn't have it in our day." "No, they didn't, but it is kind of pretty." The second old boy leaned over and said caustically: "Do you know, Hiram, I sometimes wonder how it tastes?" Then they both grinned sheepishly and turned to the market reports.

Not a Spike Holder

Several days after the steel workers had asked for a day off, a friend again approached the foreman and asked for another day off. "Well, Tom, what's the matter now?" "Meester Boss," was Tom's reply. "I gonna get married." "Great Scott!" exclaimed the foreman. "I thought your wife died only a few days ago." "Yes, but I no hold spike long."

A Boyhood Recollection

High up on a shelf in the pantry it stood—

In fancy I see it again—

A vendor certain to do you much good.

Though fraught with incredible pain.

There is nothing in all of the various hills.

That mortals are called to endure.

From a sty or a stone bruit to fever and chills.

That it wasn't expected to cure.

It's still was that of some lake down below.

That the imp kept internally hot.

It outwardly used. In two minutes it would show.

A blister more likely than not.

And to show in a moray who yields.

To despair.

You weakened and uttered a yell.

The folks would appravly nod and declare.

That's a sign it is making him well."

Thought long far the moments of in-

That only a child can enjoy.

I always think twice before yearning to be.

A careless and frolicsome boy.

Through life's serious cares cause full many an ache.

And hope only leads to dismay.

I'd rather face all such distresses than take risks.

Cuts close than that battle today.

—PHILANTHROPY JOHNSON, in Washington Star.

OLD BLOCK PAVEMENTS

Under the system of gradual development of our public streets, it is quite probable that in a few years there will not be left a single street surfaced with the old worn out granite paving blocks. We have a few of these streets remaining and they are the dread of motorists on account of their uneven surface and the bumps they convey to vehicles passing over them.

This old style of paving is 40 years behind the times and should be torn up and removed as soon as possible. We are glad to note that City Engineer Kearny and the board of public works are following this plan as fast as their financial resources will permit.

Central street has been smooth paved and Chelmsford street will soon be free of the old bumpy granite block paving.

Bridge street beyond Tenth, which

has one of the worst pieces of the old style paving, should receive attention as soon as possible. Not only are the paving blocks worn out, but in some spots they have sunk so as to make the street dangerous to motor vehicles.

Neither sprung tires nor shock absorbers avail to overcome the bumps experienced in driving over that street. We are confident that it will receive the attention of the street department as soon as the more important street jobs shall have been finished.

REYNOLDS

ATTORNEY-AT-LAW

Room 517 Hildreth Building

THE MAN ABOUT TOWN

I had occasion a few days ago to visit the State Infirmary in Tewksbury. Although the roads leading to the big institution are not in the best of shape, the Infirmary grounds are wonderful to behold and the officials are to be congratulated for the manner in which the premises are kept. Beautiful beds of vari-colored flowers and well kept lawns make an immediate impression on the visitor while the several buildings are the personification of cleanliness. It is ideal in every respect and a credit to the commonwealth.

The American flag has floated from the staff of the new high school continuously since the close of school last June. It is clearly visible from the Sun building. In rain or shine the high school building has been ornamented with the star spangled banner and looks better for it. It is like the Massachusetts mill where the flag waves continually.

After a season of unexampled activity, it is natural that preparations should be made for a busy fall and winter by Lowell Council, Knights of Columbus. Hence the appointment of a committee of fifteen members to plan, arrange and detail entertainment features for subsequent "get-togethers," a step forward which ought to mean much. The success scored by the council in dramatics strengthens the belief that greater triumphs are in store for No. 72 in the realm of the spoken word, I am told, too, that matters of great import are to be discussed in further plans for such a program as is contemplated by the Lowell K. of C.

Local Coal Situation

Continued

Anthracite coal is priced at \$18.50, with a fifty cent discount on payment of cash. The company believes that the transportation of coal has been going forward a little above normal since last spring, but does not look for the replenishing of the stove coal supply in this city for three or four weeks. In the event of an acute shortage, households might well resort to the new brand of fuel. Bituminous coal usage has increased to a great extent in Lowell households within the last year and proved a satisfactory substitute for the higher grade.

With Visit Coal Fields

Perry D. Thompson, treasurer of the Thorndike Coal Co., leaves tomorrow for Pennsylvania to spend a week in visiting several of the large anthracite fields of that district. He anticipates a trip of unusual interest, particularly at a time when local information as to working conditions at the mines is more or less second or third-hand.

Asked as to local conditions, Mr. Thompson said today no one is able to tell the increase in the orders this week, therefore, is due, perhaps, to the threatened suspension of coal mining on September 1 unless the government intervenes. Anthracite miners and operators met last Saturday in Atlantic City and adjourned their wage conference when they failed to reach an agreement on the

LOST STUDENTS FOUND

Guides Rescue Famine and
Footsoore Youths on Mount Katahdin

LEWISTON, Me., Aug. 1.—A special despatch from Ripogenus to the Sun last night announced that Alfred Merian, Jr., and Gaston Dallandish, students, lost on Mount Katahdin since last Thursday, had been found at the summit of the mountain at noon yesterday by two guides. They were reported to be in good physical condition.

Footsoore and famished Alford Merian, Jr., and his chum, Gaston Dallandish, who lost their way on Mount Katahdin last Wednesday, were found huddled together near the monument of stones at the highest peak of the mountain yesterday by Guides Eugene York and Abol Cook. The boys seemed mentally alert and their physical condition was good, considering that their chief food for the past six days had consisted of wild berries.

While only meagre details are available at this time it is stated they lost their way on the north side of the mountain and were unable to find the trail. In the belief that searching parties would first visit the summit of the mountain they made the ascent under great difficulties by a way hitherto unexplored by mountain climbers. Their feet and hands were cut and bruised by sharp rocks and their scanty clothing torn by the thornlike bushes.

After the guides had given them food and coffee the party started down the mountain side for a mile or 10 miles to Maurice York's camp on

Dalcey pond, thence to Abol camp on Abol stream where they were to remain overnight. This morning they will hike a distance of eight miles through the woods to the Soudankunk road where they will be met by automobile and conveyed to Ripogenus where the Merian boy's father and mother, Mr. and Mrs. Alfred Merian Sr., his brother, Richard, and his uncle, Dr. Thaddeus Hyatt, all of New York, are located.

Mrs. Merian who had been nearly prostrated at the Merian summer home Waynes since she first learned that her son had been lost on the mountain indicated on joining her husband at Ripogenus today, making the trip by automobile.

It is understood here that the reward of \$500 offered by Alfred Merian Sr., for the recovery of his son will be divided between the two guides.

GETS DIPLOMA FROM LA SALLE UNIVERSITY

Miss Catherine E. Boland, formerly of this city and now of Boston, has completed the accounting course and received her diploma as an accountant from LaSalle Extension University of Chicago. Miss Boland was employed by the A. G. Pollard Co. for 12 years, the last two years of her service being in the clerical department where she was supervisor of cashiers under Mr. Dunlap, whom she attributes a great deal of her success. For the past six years she has been employed as a saleswoman in the ladies' garment department of the R. H. White Co., of Boston.

Miss Boland is a great booster for LaSalle university and believes the college cannot be equaled in good service. She says she received the utmost courtesy during her course of training and is justly proud of what she has achieved.

Stop Indigestion With This Vegetable Tonic!

At last, a quick way to stop indigestion without injuring the most sensitive stomach. Dr. B. S. Thacher, the celebrated stomach specialist, has perfected a purely vegetable tonic that is delicious to take, well suited to the weak, delicate stomach, and has produced amazing results throughout this section in cases that had failed to yield to ordinary treatments.

The next time your tongue is coated, gas on your stomach booms you, your heart palpitates and you have that lazy, depressed feeling after meals, just take a delicious tablespoonful of Dr. Thacher's Liver and Blood Syrup. Notice the

quick difference in the way you feel. Keep this up a few days and it will not only stop indigestion, but will increase your appetite, tone the liver and bowels, clear up your complexion and send healthful blood coursing through your veins. It is an excellent hot weather tonic to revive that delightful feeling of strength, energy and pep.

Dr. Thacher's costs only a trifle and is sold with the understanding that your money will be promptly returned unless you get complete satisfaction and relief.

Pioneers of Industry

PIONEERS, who founded America's foremost industries, were invariably reformers of business methods.

Ever since its incorporation, the American Woolen Company has striven to improve the methods of manufacture. In its sixty mills are installed the most efficient textile machinery and every device known to save time, labor and inconvenience for the workers. Here, more than 35,000 skilled employees are producing more than 30,000 weaves and patterns of woolen and worsted fabrics which are distributed to every civilized country.

It can be truthfully maintained that this spirit of co-operation and honest endeavor have helped to elevate the standards of the woolen industry which will accrue to the benefit of all makers and users of clothing,

American Woolen Company
R. M. Wood, President.

RUNNER-UP
Joseph Wells of East Liverpool, O., was a runner-up in the semi-finals in the western amateur golf matches at the Mayfield Country Club in Cleveland.

GRADUATED FROM MT. HERMON SCHOOL

Guy P. Butler, son of Mr. and Mrs. Ois W. Butler of 109 Methuen street, has just been graduated from Mt. Hermon school, near Northfield, Mass. Mr. Butler was colonel of the Lowell high school regiment a year ago. His parents, with Miss Dorothy Farley motored to the school last Saturday and returned in the company of their son, who left yesterday for Camp Becket in the Berkshires to spend the month of August. He expects to enter Clark University in the fall.

EDUCATIONAL CLUB OUTING
The Educational club held a delightful outing at the home of Mrs. Elizabeth Beane, 59 Canton street, yesterday. A luncheon was served by the hospitality committee and a program consisting of songs, readings, and instrumental selections was given, with Miss Maud Black as accompanist. Mrs. Beane proved a charming hostess and a general good time was enjoyed by all.

Corn n's

Who Said "Love Is Blind?"

MRS. T. J. McCULLAN (LEFT) AND HER HUSBAND

By N. D. A. Service
LORAIN, O., Aug. 1.—There always are some who'll tell you that love is blind.

Letter not let T. J. McCullan or his wife, hear them say it.

For the McCullans have lived together happily for more than half a century now, and neither ever has seen the other.

Both are blind. But love with them is not. It is their eyes.

Comes a footfall on the stairway.

Mrs. McCullan stops her dusting.

"Tom," she calls, "you'll find me in the parlor."

He does.

Let Mrs. McCullan explain:

Happened While Child

You see in compensation for the loss of my sight, God has sharpened my other senses. The touch of a

finger warns me when the bread is ready to be taken from the oven."

Mrs. McCullan, now 87, was deprived of her sight in childhood. Her husband, who is 73, was born blind.

They met for the first time while attending school at Batavia, O. Cupid had brought them together. Into the darkness of their lives crept a new and beautiful light. And the passing years have not dimmed it.

Well educated and talented musicians, too, they formerly supported themselves by concert and chautauqua tours.

In 1886 they came to Lorain from Cleveland. They own their own home and an adjoining residence.

McCullan used to be organist at St. Mary's church here. One of his wrists was broken by a fall 10 years ago.

Since then he hasn't been able to play any instrument save the violin.

Who then will say love is blind?

The McCullans have had four children. Just one daughter is living now.

Mrs. McCullan does all her own housework. Neighbors marvel at the tidiness of her kitchen. You couldn't find a neater oven.

Take Radio

Both "Tom" and his wife are interested in radio. They're counting on a bigger and better set some day.

If there's a more contented couple anywhere at all, Lorain folks would like to meet them.

"We still are sweethearts," Mrs. McCullan tells us. "In spite of everything we've been mighty happy.

We would not trade places with many people who have their sight."

And "Tom" agrees with her.

Who then will say love is blind?

CHILDREN'S ROOM AT PUBLIC LIBRARY

The children's room at the Lowell public library affords many happy hours to those who care to visit it. There are scores of new books which arrive recently. There is a book for each individual, whether a tale of adventure, mystery, camping, educational or otherwise. Among the adventure stories for boys are Father Finn's novels which are always welcome to boyish minds, and Father Baynton, who writes on somewhat the same principle as Father Finn. For the young in age, there are wonderful camping stories, filled with adventure from beginning to end. Even the tiny tots have not been forgotten. There are interesting stories all about Penny Cottontail, Mr. Hare, Our Funny

Friends and other inhabitants of the world.

The summer hours at the children's room are from 12 noon to 6 every day, except Thursday, 12:30 Monday and Saturday evenings the library is open until 8 o'clock.

Miss Hill, the supervisor of the children's room, is always ready to assist the little ones in selecting reading matter suitable to their age, and the children find in her an interested and willing friend.

AT DRUGGISTS

SHE IS RESTORED TO PERMANENT HEALTH

Acid Rising, Gas on Stomach, Constipation, Sluggish Liver, Overcome by Dreco

Weak kidneys made me get up many times each night. Every time I moved pains darted through my back like a red hot iron.

Immediately after starting to take Dreco I began to feel better. Now I enjoy my meals like every other fortunate man or woman. No fear of pains or suffering from gaseous stomach. My system is clean and healthy, freed from poisonous constipation. I feel like a new person. All my thanks to Dreco.

"It is so wonderful I wish everyone would enjoy the benefit of health derived from taking it."

This is only one of the hundreds of enthusiastic reports coming in daily from men and women from all parts of the country are singing the praises of Dreco because through it they tell how they have found permanent relief from sickness and pain, in many instances after everything else has failed, and they were ready to give up hope.

Call today at Green's Drug Store and ask to talk with the expert from the Dreco Laboratories. He will courteously tell you of the merits of this wonderful remedy. Also he will honestly tell you whether or not he thinks Dreco will benefit you. Also Dreco is sold by Nashua Drug Co., 176 Main St.—Adv.

"That's Why I Am Careful About My Hands While Cooking"

Scene: A fresh, bright, modern kitchen

Time: This afternoon—just before dinner

Mrs. Youngwife is thinking aloud:

"When mother taught me her kitchen secrets she missed only one point.

"Burnished pans, a fresh-scrubbed ice-box, spotless sink and stove are awfully important. So are the cheerful white walls and clean windows. They help make cooking a pleasure.

"But I honestly believe that lecturer at the club told us the most important thing of all.

"My goodness! Millions of germs can collect on the tip of one fingernail. They are brought into my kitchen on vegetables, much handled fruit, packages from the stores, on greasy milk bottles—in fact on anything that

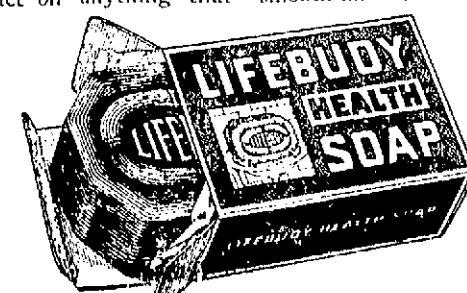

many hands have touched. Flies, too, are a danger. And those germs will get into the food unless I rid my hands of them. I can't be too careful of my hands during cooking hours if I am to protect the health of Daddy and the youngsters.

"Clean hands! I now use Lifebuoy Health Soap constantly while cooking.

"It seems that in Mother's day clean hands were hands which were not dirty.

"Clean hands today are hands which have been purified.

"And Lifebuoy certainly does keep the skin in wonderful condition—soft, smooth and white."

What is Lifebuoy Health Soap?

A germicidal action without irritation! A soap that creates beautiful skin by the simple perfection of its deep, healing, cleansing action! A deodorant which removes the cause of skin odors—overcomes them at their source!

If you are a normal woman, busy in a hundred places each day, shaking hands, telephoning, brushing against people, resting your hands upon the dirty surfaces of any number of objects—you are germ-contaminated. That is, until the deadly microbes have been removed.

You too should see that Lifebuoy is used frequently during cooking hours. The best thing about Lifebuoy is that it can be used constantly without damaging the fine-textured skin. The famous Lifebuoy health substance soothes as it purifies.

You will love the wholesome Lifebuoy health odor. Place a cake every place where there is running water. Lever Bros. Co., Cambridge, Mass.

Former Grand Opera Prima Donna Will Go Around The World With One Suitcase

BY GEORGE BRITT,
NEA Service Writer.

CHICAGO, August 2.—Nelly Bly's old record of around the world in eighty days was smashed early and often.

Clair Eugenia Smith, prima donna millionaire, is off to set a new record, one harder for a woman to make and likely to stand longer. It is to go around the world with baggage reduced to a single suitcase.

One plain, black suitcase without

similarly reduced to one ring, one wrist watch and one necklace.

Only Necessaries

The outfit represents the absolute minimum of a veteran traveler. When articles wear out, new ones will be bought. In Japan she may wear a kimono and in Turkey, a veil.

Mrs. Smith is the wife of William E. Smith, who recently inherited \$10,000,000 from his mother. Smith and three others complete the party, and the five, in light marching order, have only five traveling bags.

"I know all about baggage," says the owner of the suitcase, stopping here on the first lap of the journey from New York.

Ah, So That's It!

"I've traveled with a dozen trunks, and I know the penalty one pays for that. I started to Europe last summer with two trunks and a big bag. But I left the trunks at the first stop. But when I get back to Paris on the way home, I'll have the excuse to lay in a wardrobe of new clothes."

To prove her faith in the baggageless tour, Mrs. Smith in Chicago offered to take along a "Margie" the Lead, music critic here, provided she wouldn't carry any extra luggage.

Mrs. Smith appeared as prima donna last spring in grand opera in Philadelphia, and upon her return to America she says she intends to make a new attempt to establish a native opera theatre in New York.

Supt. Molloy Insulted

Continued

the school department as drawn up by Business Agent Henry Williams was read. This report showed that \$25,000 will be needed to carry on the work of the school department for the next six months. Mr. Mullin moved that the report be received and a sub-committee consist of Mr. Williams, Supt. Molloy, Mayor Donovan and the city auditor be appointed to go over the report and bring in recommendations at the next meeting. On amendment, Mr. Mullin was made a member of the committee.

In motion by Mr. Delaney, the business agent was instructed to purchase supplies necessary for the schools for the coming school year.

Mr. Riley asked for a report from the business agent relative to the acquisition of pianos as voted at the last meeting. Mr. Williams stated that he had made out a requisition and forwarded it through the regular channels and had heard nothing further from it. The mayor then explained that he had had the requisition under consideration for a month. After further questioning he stated that "there was a point of law involved." Mr. Riley immediately requested what the point of law was and the mayor told him that he "would let him know Monday."

Mr. Delaney moved consideration of a previous proposition to purchase instruments for the high school orchestra. He said the Lowell school is poorly equipped in the matter of instruments for its orchestra and added that pupils have been forced to borrow instruments used. The matter was taken from the table and Mr. Delaney moved the passage of the vote authorizing the business agent to spend not more than \$600 for the purchase of necessary instruments as designated by Headmaster Harris. The motion was carried unanimously.

Use of Alumni Field

Mrs. Pearson moved the annual payment of \$500 by the school department to the Lowell High School Alumni association for use of Alumni field for baseball and football games in which the school teams participate. Mr. Harris spoke on the matter and in answer to a question as to admission charges, said it would be necessary to charge admission as usual. The original motion was amended to read in effect that the money be appropriated toward the support of high school athletic teams, said amount to be paid to the treasurer of the high school athletic association. In this form the motion prevailed, the first payment to be made in September.

Mr. Brum asked the mayor if a date has been set for a meeting of the special committee on rules. He said he believes there is need of reconditioning the rules in part, at least. Dr. Slaughter said she would like to have a meeting next week. Mr. Brum expressed the belief there has been unnecessary delay in calling a meeting of this committee. "Something is behind it—I do not know what," declared Mr. Brum. Because Mr. Riley was out of the committee you—Adv.

MRS. SMITH AND HER "BAG-GAGE."

trick extensions or evasions, will contain her whole wardrobe for the trip with the exception of the cloak she carries on her arm. The outfit also includes two sport suits, eight lightweight dresses, shoes and frilly necessaries, two Panama hats and a toothbrush, comb and mirror. Jewelry is

RHEUMATIC NEURITIS

Says His Prescription Completely Banishes All Rheumatic Pain and Twinges—is Guaranteed

Deep Seated Urn Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours

Every druggist in this country is authorized to say to every rheumatic sufferer that if a full pine bottle of ALLENRHU, the sure conqueror of rheumatism, does not show the way to stop the agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

ALLENRHU has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and piteous and where the patient was helpless.

Mr. James H. Allen, the discoverer of ALLENRHU, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless ALLENRHU decisively conquers this worst of all diseases, and he has instructed druggists to guarantee it as above in every instance. All druggists can supply you—Adv.

Why Go Through This Twice a Year?

Why put up two or three stoves every Fall — then go through the muss and bother of taking them down again in the Spring?

Why not put a Sunbeam Warm-Air Heating System in your cellar? Once installed it's there for good—a heating system that will heat not just one room or two or three, but the whole house—and do it better and at a lower cost.

And Sunbeam Warm-Air Heating does more than heat. The Sunbeam Furnace—Pipe or Pipeless—warms the home air to just the right temperature, healthfully moistens it and circulates it constantly all through the house. Come in and get the whole Sunbeam story.

ERVIN E. SMITH COMPANY
20-26 Market St.

SUNBEAM
WARM-AIR HEATING

mitties room temporarily, action on the matter was delayed.

Mr. Delaney inquired into the schedule of summer school work on playgrounds and, during the discussion, said he did not look with favor upon the practice of allowing girls of about 14 years of age to play baseball with boys of like age.

Mr. Delaney and Dr. Slaughter both felt girls who are taking sewing and cooking should not be compelled to go outdoors and join in vigorous games such as baseball and volleyball.

William Thornton, supervisor of janitors, submitted to the board a certificate civil service list for school janitors or matrons. The first three names were Mary C. Gallagher, Mary A. Morin and Marletta Donnelly, all that

motion be laid on the table, but added,

however, that he disapproved of the present method of naming teachers as it gave the superintendent an opportunity to play politics and he suggested that the committee make it a rule to have examinations for all teachers or for none and called for a meeting on request so that the rules could be changed to allow for a list of eligible for all grades of teachers. He also alleged that a former mayor had interested with the superintendent concerning one of the candidates.

Mr. Molloy Protests

Mr. Molloy hotly protested Mr. Brum's allegation, stating that he had already told the committee member that a former mayor had come to him and put a candidate after that candidate had been recommended. Mr. Brum immediately asked why the former mayor should bother to go to see the superintendent after his candidate had been recommended and the superintendent answered that as clerk of the board and superintendent he could not properly answer the question, that as such his hands were tied and he could not answer as he would like to, but added that "there are places where members of this committee would not dare to make allegations such as have been made here."

Mr. Brum spoke in favor of granting the superintendent ample time to prepare his recommendations and asked if the next meeting would be satisfactory. Mr. Molloy said that he could do this and added, "I am not afraid to say that I refuse to bring in recommendations at a minute's notice, if I did they would not be worth while. I believe that the court would grant that the superintendent needs some time to prepare such recommendations."

On a roll call vote, the motion calling for the 20-minute recess was defeated, Mr. Delaney and Dr. Slaughter being the only two in the affirmative.

On a motion to instruct the superintendent to bring in recommendations at the next meeting, however, the vote was five in favor and two against, Mrs. Pearson and Mr. Riley being the only two in the negative.

The committee voted that such permanent substitutes as desired to keep their positions in other cities and towns be granted leave of absence as there was not much chance that they would receive much work during the year.

Mr. Delaney then moved that the superintendent be instructed to present to the committee his assignments for junior high school work.

In a lengthy address in regard to junior high school, the superintendent stated that he refused to accept the responsibility of the success of these schools unless he were allowed to make the assignments.

Mr. Delaney then asked if it were

true that some teachers who were appointed as kindergarten teachers years ago were now serving as elementary teachers, without having taken an examination. Mr. Molloy said it was and added that the previous school committees had granted these teachers elementary school certificates.

Mr. Molloy Voted

Mr. Delaney was on his feet at the mention of the word "subterfuge" and protesting against Mr. Molloy being allowed to continue and Mr. Molloy was not allowed to continue. Following considerable discussion, action was taken on Mr. Delaney's motion and it was accepted. Mr. Brum, Mr. Delaney, Mr. Mullin and Dr. Slaughter voting for and the remainder of the board against.

Mr. Delaney then moved that the names of Miss Julia B. Rafter and Miss Wright be added to the superintendent's list as already recommended. Mr. Molloy stated that he was not ready to recommend anyone. Mr. Delaney then moved that a 20 minute recess be taken to allow the superintendent time to go to his office and bring in a list which he already had ready. Mr. Molloy objected to such action stating that he could not get a list ready in that length of time.

The superintendent has a list of candidates," said Mr. Delaney, "eligible to teach in the Lowell high school. Why can't he produce them here. It simply because the superintendent decides not to do what the committee has told him to do? The committee has instructed him to do it."

Mr. Brum inquired as to the length of time necessary for the preparation of such a list and the superintendent answered that he desired time to interview the candidates, etc. Mr. Delaney asked if the superintendent had been interviewed all on the list submitted at the last meeting and the superintendent

at the last meeting and the superinten-

dent was not able to do this that the committee could give him some help.

"There is no question of his ability," said the superintendent. Mr. Delaney:

"There is a considerable question in my mind and in the minds of good many of the people of this city concerning this. The only way we can get an information from him is to knock it out of him with an axe."

On a roll call vote on Mr. Delaney's motion, only Mr. Delaney, Mr. Brum and Dr. Slaughter voted for it.

Dr. Slaughter said that it would be

all right if the superintendent was im-

partial but as she had worked for him

for a year and a half, she did not

wish him fair.

"The superintendent," said Mr.

Molloy, "has been guilty of any infraction

New Bank Building Great Civic Improvement

New Home of Lowell Five Cent Savings Bank
Typifies Modern Idea In Bank Construction

EXTERIOR VIEW OF NEW BANK BUILDING

On the very threshold of its seventh year of life, the Lowell Five Cent Savings bank today experiences an epochal event in its honorable career in the opening for public inspection of its magnificent new building at John

and Lee streets. Until 8 o'clock this evening the bank's officers and directors will welcome old friends and new in banking rooms of spacious size, attractive appointments, stalwart construction and beautiful design, built

to give the maximum of service in an atmosphere of comfort and cordiality, perhaps somewhat curtailed heretofore because of inadequate space.

The actual transiting of the corporation's business will not occur un-

til Saturday when the old building at the corner of Merrimack street, which has been the bank's home for nearly 50 years, will be abandoned and a new era of prosperity and service will be-

gin in the more pretentious structure just a few steps away.

While it is patent that the bank has done much for itself and for its own advancement in the erection of the new building, it also has accomplished an act of civic service and has taken another forward step toward the development of an area that some day will become a substantial part of the city's principal business district. The building lends to John street an air of prosperity that cannot fail to incite and promote desires for further changes and improvements and the Five Cent Savings bank officers may well take pardonable pride in their achievement.

To augment the many words of congratulation personally expressed by hundreds of visitors to the bank this afternoon, scores of letters and telegrams were received, each voicing parallel sentiments the "best of luck" message. Beautiful clusters of flowers added color to the reception and President Austin K. Chadwick and his board of trustees did everything possible to add warmth to the welcome extended.

It is of interest to review at some length the history of this city institution which has grown up with the municipality has been a true friend to many and has carefully and zealously guarded the savings of thousands of the city's people since its incorporation in 1854, 69 years ago.

The original corporation was headed by Rev. Horatio Wood, minister-at-large, as president and the bank began doing business over a counter at the old Prescott National bank then situated at Market and Prescott streets. The Prescott bank later moved across the street and the Five Cent Savings bank continued to operate with it until early in the '70's when its growth demanded quarters of its own. The trustees looked around for a site and decided upon the lot at John and Merrimack streets. Buildings standing there were razed and the gray stone structure now being abandoned was built and occupied in the fall of 1874.

In this location the bank has lived and prospered for 49 years, although during the past decade or more the banking rooms were considered inadequate for customers and employees alike. Fifteen years ago the directors thought of expansion, but were not able to obtain a satisfactory location until the John and Lee street corner was purchased. Buildings on that lot began to be torn down on August 9 of last year, excavation began in August, construction on Oct. 6 and today the finished product stands as a monument to the business acumen of the bank's directing officers.

The Lowell Five Cent Savings bank is the third oldest and third in size of the city's seven savings depositories. The Lowell Institution for Savings, incorporated in 1829, and the City Institution for Savings, incorporated in

1837, rank it in length of life. The incorporation of The Five Cent Savings Bank in 1854 was followed by the Mechanics bank in 1861, the Merrimack River and Central in 1871, and the Washington Savings Institution in 1882.

Since its incorporation, The Lowell Five Cent Savings bank has had only five presidents, as follows: Rev. Horatio Wood, 1854-1884; Hon. Sewall G. Mack, 1884-1893; William S. Southworth, 1894-1898; John A. Faulkner, 1898-1911, and Austin K. Chadwick, the president today, who took office in 1912 on the death of Mr. Faulkner. Previous to that time, or from 1891, Mr. Chadwick had served the bank as treasurer.

Although the institution has had five presidents, only three treasurers have served since incorporation. Artemus S. Tyler, the first treasurer, held the position for 40 years or from 1854 to 1894. He was succeeded by Mr. Chadwick who was elected to the presidency in 1912, at which time, Charles A. Richardson, the present treasurer, took office.

The board of trustees of the bank has been widely selected and at present embraces the following widely known citizens: Samuel H. Thompson, Cyrus W. Russell, Jude C. Wadleigh, C. Arthur Abbott, Charles E. Bartlett, Arthur T. Safford, Franklin Nourse, George S. Motley, Joseph A. Legare, Henry H. Wilder, Allan D. Parker, Thomas T. Clark, Arthur S. Spalding, Winslow B. Clark, Chester M. Runels and Austin K. Chadwick.

In 1920 the bank trustees created the position of assistant treasurer and elected to the office, Edward F. Lamson. The present teller is Charles A. Smith and the clerical staff includes Robert E. Oates, Miss Effie M. Knapp, Miss Maude H. Smith, Miss Virginia Legare and Miss Ila H. Connell.

CROWLEY & McPARLAND DID PLASTER WORK

MARDEN & MURPHY SOLD SITE OF NEW BUILDING

The firm of Marden & Murphy of this city handled the transaction which has transformed the old and historic buildings of the John P. Curley estate into the splendid savings bank institution home in John street. This firm worked out the details of the project with the bank's officers and incidentally produced the customer to take the old banking building off the hands of the savings bank, the two transfers being part of the whole plan as worked out.

The result of this bit of work has added one more to the lengthening list of business and industrial property transfers handled by this enterprising firm and which are turning important parcels of commercial property into modern condition by reconstruction. It is one of the basic plans of the firm to work out real estate transfers that will be made into real civic developments. A number of genuine monuments of this nature are taking shape in the city now which point to the resourcefulness and enterprise of this firm whose business title covers far more than ordinary real estate operations. The firm calls its members "commercial specialists," and deals like these basic transfers show what the term means.

HIXON ELECTRIC CO. DID ELECTRIC WORK

The electrical work on the Five Cent Bank was done by the Hixon Electric Co., of Boston. This firm specializes in large construction and are noted for the work done on banks and educational buildings. It is with pride that Mr. Hixon points to the work done on the bank building as most of it was done during the past winter which was one of the worst in which to work, but his company kept up to every demand of the general contractor.

INTERIOR FINISH FROM HOUSING CO.

The Housing Co., with offices in all principal cities and factory at Waverly, Mass., furnished all the interior finish of the new Five Cent Bank under the direction of the general contractor, Mr. Coulson.

This company made daily deliveries by motor truck from their factory to John street. This system enabled the contractor to have the material on hand in the right amount, and also kept the delicate woods used from being exposed to the weather during the past winter.

36 JOHN STREET, CORNER OF LEE STREET

BRITISH PREMIER TO LIFT VEIL OF SECRECY IN COMMONS TOMORROW

Baldwin to Give Full Explanation of Negotiations With Allies—Government Convinced Nothing Can Be Gained By Further Negotiations—May Seek Immediate Separate Settlement With Germany

LONDON, Aug. 1.—(By the Associated Press) The recent expectation that Prime Minister Baldwin's statement in the house of commons Thursday, with respect to the negotiations with the allies would hardly be very informative has now yielded to a belief that the premier will explain the situation fully, withdrawing the veil of diplomacy secrecy which, hitherto, has kept everyone guessing.

The government is credited with the hope that it will be possible to publish before Thursday the whole correspondence between Britain and her allies since June, but the documents are so numerous and so lengthy that it is now feared the time will not suffice for their arrangement printing and circulation in parliament.

If this cannot be done, Mr. Baldwin, according to well informed political

writers, will take parliament and the public into confidence and will give a verbal outline of what the printed correspondence would disclose. This reported decision is taken to indicate that the government is convinced nothing can be gained by further negotiations and that it must now take a fresh course. What that course is to be, it is said, will be considered at two or three cabinet meetings today and tomorrow. The present supposition is that the government will decide to seek an immediate separate settlement with Germany.

Opinions differ as to whether Italy would associate herself with Great Britain in such a move or whether she would act independently. But in either case, the prevalent view here is that the Italian attitude, the main is identical with the British.

Methuen Officer Shot
Continued

was brought in and after glancing along the line, shook his head in the negative.

"The faces of the three men in the auto are fixed definitely in my mind," he said. "And I could tell them anywhere. They are not here."

STORY OF MURDER OF METHUEN POLICEMAN

METHUEN, Aug. 1.—Police Officer Arthur J. Bower, was murdered early today by three men in an automobile which is said to have had a New Hampshire number plate. The assailants escaped. Power and a fellow officer, John McDonald, had been sent to the extreme western part of the town to the Lawrence Cricket club, where, it was reported, five men were trying to break into the building.

The officers found that the men had left the building when they got there and started toward Lawrence to locate them. Coming upon a car without lights the officers demanded the registration certificate and license of the driver.

While Bower was attending to this duty, McDonald went further down the road and ordered other cars to move on. While he was gone, Bower was shot and fell to the road. He died later at the Lawrence General hospital.

McDonald saw him fall but heard no shots, he said. Bower had emptied his revolver and McDonald also fired shots at the fleeing car. Campers nearby, attracted by the shots, assisted in taking the wounded man to the hospital.

The Methuen police stated this morning that a car answering the description of the one wanted had been seen going through Pelham toward Nashua.

One of the men in the car, when being questioned by the officers said, according to McDonald: "We are well known in Nashua."

WEEKLY PAYROLL APPROVED

The budget and audit committee met in the office of the city auditor this morning and approved the weekly payroll amounting to \$14,520.14, a decrease of about \$1700 from last week's total.

SEN. GERRY RETURNS

NEW YORK, Aug. 1.—Senator Gerry of Rhode Island today returned from abroad on the Majestic.

FASHIONABLE FURS

Cosac is a very popular fur for coats, particularly when it is trimmed with collars and cuffs of skunk, natural squirrel, lynx, fish, badger or kidnerry.

RUFFLED FROCKS

Many of the newest ruffled frocks obtain something of the Indo-China silhouette by bringing the ruffles to the waist line in front and holding them with an ornament.

Young Girls Clear Away Pimples With Cuticura

Gently smear the pimples with Cuticura Ointment on the end of the finger.

Wash off the Cuticura Ointment in five minutes with Cuticura Soap and hot water and continue bathing for some minutes. This treatment is best on rising and retiring.

Sample Free by Mail Address: "Cuticura Laboratories, Dept. B.R., Walden St., N.Y." Send every where Soap, Oil, Cream, and Tea. Cuticura Soap shaves without a shave.

Shoe Strikes in Haverhill and Boston

HAVERHILL, Aug. 1.—The Shoe Workers' Protective Union this morning called strikes in the cut sole factories in the Haverhill and Boston district because of failure of the manufacturers to sign union agreements calling for wage increases ranging from five to 15 per cent. Ten plants in the Haverhill industry employing 300 operatives and 21 in the Boston industry employing 350 are affected by the strike. Strike in the local counter industry today was averted by an eleventh hour agreement with the manufacturers on their new agreements. A wage increase of 12½ per cent. was granted the counter workers, numbering 600, by the manufacturers.

Farm Bloc to Resume Activities in Senate

TOPEKA, Kas., Aug. 1.—(By the Associated Press)—Resumption of the activities of the farm bloc in the United States senate upon the opening of a new session of congress next December, is predicted by Senator Arthur Capper of Kansas, chairman of the senate's bloc, during the latter part of last session. "Our legislative program probably will not be as extensive as it was at the last session, but still we believe congress should enact certain measures with a view to aiding agriculture," said Senator Capper.

Demands Senator Name Accused Officials

MADISON, Wis., Aug. 1.—Governor Blaine, in a telegram today to Senator R. J. Severson, demanded that the senator name state officials charged by him in a speech last night at Waupaca, with assaulting girls in locked Capitol offices. The executive declared that he would remove promptly any official named by Senator Severson, if his charge is proved.

England Wins First Round in Yacht Races

RYDE, Isle of Wight, Aug. 1.—(By the Associated Press)—England won the first round today in the third annual contest of six meter yachts for the British-America cup. The English yachts scored 23 points to the American's 13.

Canada on Lookout For Escaped Convicts

OTTAWA, Aug. 1.—Instructions were issued today by the immigration department to inspectors at ports of entry to watch for two convicts who were reported to have entered Canada as servants of Gov. Donaghy of Ohio and Warden Thomas of the Ohio penitentiary. No person with a criminal record is eligible for entry to Canada, officials said.

Gov. Davis Would Accept Nomination

CHICAGO, Aug. 1.—Without actually casting his hat into the ring, Governor Jonathan M. Davis, whose home state, Kansas, is booming him for the democratic presidential nomination let it be known in a statement issued here today that he would by no means refuse such an honor. Kansas democrats he said have made him their first choice and be is in their hands.

Wants to See Grand Jury's Minutes

NEW YORK, Aug. 1.—Former Governor Charles S. Whitman, counsel for William H. Anderson, superintendent of the Anti-Saloon league of New York, today asked Judge McIntyre in general sessions for permission to inspect the minutes of the grand jury which recently indicted his client on five counts charging grand larceny, extortion and forgery. The court reserved decision.

231 Killed by Autos in N. Y. Last Month

NEW YORK, Aug. 1.—The National Highway Protective Society reported today that 231 persons were killed in this state during July in automobile accidents. Nineteen of the deaths occurred at railroad crossings. Fatalities during the same month last year totalled 209.

FORD SAYS HE IS NOT HUSSAMS IS RELEASED A CANDIDATE

NEW YORK, Aug. 1.—Henry Ford, in an interview appearing in Collier's this week, declares he is not a candidate for the presidency today, but that he can't say that he will do tomorrow.

"Now, if I wanted to play politics, I would say exactly what I am going to say, anyway," the manufacturer was quoted as asserting. "But I am not playing politics. I am not a candidate for anything. I can't imagine myself doing anything."

"Of course, I can't say, and no intelligent man can say, what I will do tomorrow. There might be a war, or some crisis of the sort in which legalism and constitution and all that

today accepting any nomination.

THE MAIN BUSINESS OFFICE IN NEW BANK

BYAM BROTHERS' OFFICE IN NEW BUILDING

Byam Bros., one of Lowell's most progressive real estate and insurance firms, has made another forward step by taking splendid offices in the new Five Cent Savings Bank building in John street. This concern has forged to the very forefront in real estate circles. Its slogan, "A square deal to all," is widely known throughout the city and its environs, and a tremendous amount of real estate is transferred annually through its offices. For several years the firm has maintained offices in Central street but the need of expansion combined with a progressive spirit led them to seek

quarters in the newest of Lowell's business buildings. They will, therefore, greet their friends in the future at the imposing John street structure.

Byam Bros. have made tremendous strides of late in the insurance field. This phase of the business is handled by Arnold A. Byam, and it is developing favorably under his management.

The real estate end is under the direction of Ray Byam. A host of friends will wish them well in the acquisition of new and commodious quarters.

PATRICK COGGER DID EXCAVATING

Patrick Cogger, one of the leading trucking and gravel men in New England, was the man in charge of excavating the cellar for the new Five Cent bank. He also supplied all the sand and gravel for the construction of the

building. While the bank job was a stone, granite and water-struck brick. It has a length of 102 feet and a width of 40 feet. It is just recently completed of nearly 70 feet. On either side of the front entrance are beautifully designed bronze lanterns to be electrically illuminated.

Anyone frequenting the territory where there is new building going on will see Cogger's big steam shovel and his trucks of work and will appreciate why the Cogger firm secures big jobs.

Hundreds Attend Opening Of New Bank

Continued

entire ground floor will be occupied as banking rooms, storage vaults and locker rooms are in the basement; in the second floor are 16 splendid offices. He also supplied all the sand and gravel, all of which are rented.

into three bays, so-called, by lines of columns faced with marble. The ceiling panels are decorated with ornamental moldings. The office of the president is located just to the left of the main entrance, panelled in oak. Adjoining it is a space for officers, separated from the lobby by a low rail and gate of wrought iron. A room for women and a conference room are situated on the opposite side of the lobby to the right. In the rear of the banking room are located two huge all-steel vault safes, especially designed and con-

structed for the bank and embracing every known modern safety and protective device. The vault walls are of reinforced concrete. The walls, doors and locks are electrically wired and alarm buttons are installed at other convenient points to provide additional perfection. The safes are the design of Benjamin Tripp of Boston, safe engineer, and were built by the York Safe and Lock Co. of York, Pa.

A special room for bookkeeping is at the left of the vaults and the trustees' room is on the opposite side in the rear.

The builder was William Coulson

Co. of Cambridge and the architects were Hutchins & French of Boston. Mr. Hutchins has spent many hours on the job in a supervisory capacity and during the past ten days has been in Lowell almost continuously.

The site on which the building stands formerly was occupied by a four-story brick structure, whose demolition was begun in September and on October 6 most of the foundation walls were in. From then on, despite the hardships of winter, the work progressed smoothly and rapidly.

TRAIN DERAILLED IN NORTHBRIDGE

Providence-Worcester Passenger Train Wrecked—Two Passengers Injured

Engine and Three Coaches Left Track—Early Reports Said Many Badly Hurt

WORCESTER, Aug. 1.—The 7:15 a.m. standard time passenger train on the New Haven railroad from Providence to Worcester was derailed shortly after 3 o'clock this morning, near the Riverdale crossing in Northbridge, and although the locomotive and three passenger coaches left the track and bumped over the ties, for a long distance, the 50 passengers and train crew escaped serious injury.

The only passengers whose injuries required hospital treatment were Dr. and Mrs. David Detrick of Springfield. Dr. Detrick suffered an injury to his left knee and Mrs. Detrick suffered a nervous shock when they were thrown from their seats. They were taken to the Whitingville hospital but are not in serious condition.

The train was in charge of Conductor George Waley of Providence and Engineer Berliss B. Dunn of Providence, and they said they could not give any reason for the derailment. Engineer Dunn says the train was running along smoothly and the first thing he knew he was being bumped around in the cab as the engine jolted over the ties. None of the cars was over-turned.

First stories of the accident gave several passengers badly hurt and doctors and ambulances were summoned from Whitingville, Northbridge Center and Uxbridge, but they had little to do as most of the passengers on the train escaped with only a shaking up.

AMERICANS HONORED BY NICARAGUA

MANAGUA, Nicaragua, Aug. 1.—Seventy-five persons from the United States transport Chaumont came to this city yesterday where the party of American congressmen and naval officers were entertained by the Nicaraguan government. A presidential reception attended by 500 guests was held in the evening in honor of the visitors. Before the Chaumont sailed for San Pedro, Col., Major General Neville inspected the marine detachment here.

Chinese Dictator Orders Land Taken

HARBIN, China, Aug. 1.—(By the Associated Press)—Gen. Chang Tso Lin, dictator of the three Manchurian provinces, has ordered the Chinese authorities to abolish the land department of the Chinese eastern railway and to take over all lands ceded Russia under old treaties. These measures became effective today.

COOLIDGE REJOICES AT HARDING'S RECOVERY

PLYMOUTH, Vt., Aug. 1.—When word of the continued improvement in the condition of President Harding was conveyed to Vice-President Coolidge here today, he said: "I am rejoiced that my opinion and my confidence that the president would have sufficient strength to make a speedy re-

covery has been confirmed. I have never had any doubt of his ultimate recovery."

Mr. Coolidge plans to remain at the home of his father here until the end of the week, when he will go to Northampton, Mass., for the remainder of the summer. His son John left today for a period of military training at Camp Devens, and the younger son, Calvin, went to Northampton to help in tobacco harvesting in that district.

PATROLMAN FINDS BODY OF FATHER IN WOODS

NEWARK, N. J., Aug. 1.—Ordered into Branch Brook park to investigate a reported suicide, Patrolman John Crain today found the body of his father, Thomas E. Crain, a reserve member of the force, slumped over a park bench, with a bullet through his head, and his old service pistol in the grass beside him.

The older Crain had been in ill health since he was stabbed seven times in a battle with rioting surfers 12 years ago.

TURCO-AMERICAN PACT

Entire Question of American
Claims Open for Future
Negotiations

LAUSANNE, July 31.—(By the Associated Press) The Turkish and American experts today compiled a formula for insertion in the proposed Turco-American treaty which leaves the entire question of American claims open for future negotiations.

Under the terms of the formula both Turkey and the United States are mutually obligated to conduct these negotiations and by them to decide the nature of claims that are admissible and also to provide a method of adjusting them.

Both Joseph C. Grew, American minister to Switzerland, who is conducting the American negotiations, and Ismet Pasha, leader of the Turkish delegation, have called the text of the formula to their respective governments.

The whole text of the new treaty is now before the state department at Washington and the American delegation is awaiting final instructions.

The whole text of the new treaty is now before the state department at Washington and the American delegation is awaiting final instructions.

SENTENCED FOR ATTEMPT
TO BRIBE OFFICER

SALEM, July 31.—At district court today before Judge George B. Sears, Ettore Maccioli of Beverly was sentenced to six months in the house of correction for attempting to bribe Patrolman Frederick Steele, during a raid on his premises, June 21, by tendering him \$13, "to leave one barrel of wine." Maccioli was also fined \$100 each for keeping liquor with intent to sell and maintaining a liquor nuisance.

I. W. W. QUARTERS AGAIN
STORMED BY CROWD

HOBOKEN, N. J., July 31—Headquarters of the marine transport workers' division of the I.W.W. today was stormed by a crowd for the second time and its flag of flaming red torn down.

FORMER HOUSE OF
CORRECTION SOLD

SALEM, July 31.—The Essex county commissioners this morning accepted the bid of the town of Ipswich, of \$22,000 for the former house of correction property on Green street, comprising 10 acres of land with shop and jail buildings. A lot of 30 acres with barn on the opposite side of the river, of the same house of correction estate, was sold to Moritz B. Phillips for \$6,000. This house of correction has been closed for several years. The town of Ipswich plans to remodel the shop into a school.

CHILDREN PRAY FOR
HARDING'S RECOVERY

NEW YORK, July 31.—Several hundred children prayed today at the International Synagogue for the recovery of President Harding. At the suggestion of Representative Isaac Siegel the 121st psalm, the president's favorite, was read.

A message of sympathy was sent to Mrs. Harding by the United Synagogue of America, with 25,000 members.

CONG. DALE OF
VERMONT RESIGNS

MONTPELIER, Vt., July 31.—Congressman Porter H. Dale announced today that he had sent to Speaker Gillett his resignation as representative from the second Vermont district. Mr. Dale has indicated that he will be a candidate for senator to complete the unexpired term of the late Senator William P. Dillingham.

HOLD 'ER NEWT

Whoopie, let 'er buck! Nothing too tough for the cow-punchers around Salinas, Calif. They proved that at a recent rodeo there. The lad on the horse looks to be the master of the situation. But they all look that way until they hit the ground.

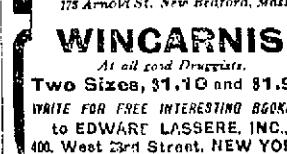

AND BELLS ON HER TOES

The dancing girl of 1923 will have not only rings on her fingers, but bells on her tootsies. So Miss Irma Brandt, employee of a Cincinnati shoe company, says. Here she is putting little bells on a pair of dancing pumps. It'll help the jazz music, she says.

Sprightly Old Man
Reveals the Secret

"I am 72 years old, and much more vigorous and active than most men of my age. I know that my excellent condition is due to the fact that I take two or three doses of Wincarnis every day, because I never felt as well before I began taking it. I used to tire very quickly and suffer from weariness and had to bundle myself up whenever it was damp or drably. But since I began taking Wincarnis I have had the energy and endurance of a middle-aged man, sleep soundly and withstand the severest of weather. I have noticed that Wincarnis keeps my appetite keen and that it strengthens my nerves and heart. If my fingers tremble and my heart flutters or I feel symptoms of depression or weakness, a dose of Wincarnis gives me relief within a few minutes."

HOLD OUTING AT REVERE GRANTS BIG CONCESSION

Annual Outing of Hub Ho-siery Mills Today at Revere Beach

The annual outing of the Hub Ho-siery Mills is being held today at Revere beach. About 150 employees of the company gathered on Faige street at 8 o'clock and, despite the fact that showers seemed imminent, decided to carry on with their plans and board the electric cars for the beach.

Upon arrival at the beach a program of sports was run off under the supervision of the sports committee and suitable prizes were awarded the winners in each race.

At noon the party enjoyed a banquet at the Hotel Pleasanton. Several members of the party gave short ad-

SUPT. EMIL TRUDEL

dresses following dinner and others provided an entertaining program of music.

In the early afternoon the sports program was completed and then the members of the party started out to enjoy the attractions for which the beach is famous. The roller coasters, derby races, whip, merry-go-around, rocky-mountain ride, and others all came in for a full share of the patronage.

Following a light luncheon at supper, dancing was enjoyed at the Nautique Gardens until late in the evening.

The committee in charge of the affair consisted of the following: Supt. Emil Trudel, president; Dan Ayotte, vice-president; Eugene Douville, secretary and treasurer; committee on sports, Alice Traversy, Anna Wayda, Regina Bourgeault, Rose Patnaud, Corinne Coulombe, Peter Bisson, Trude Hordleau, and Leo Roy.

TO SWIM LAKE ERIE

Cleveland Man Attempts 32-Mile Swim—A Feat Never Before Accomplished

CLEVELAND, Ohio, Aug. 1.—Somewhere between Point Pelee, Ont., and Lorain, Ohio, Carlis Walker, Cleveland swimmer and former member of the Outrigger Canoe club of Honolulu, early today, was attempting to swim across Lake Erie—32 miles—afeat never before accomplished.

Trained to the infinite and confident of success, Walker dived into the water off Point Pelee, 11:30 A.M. At 7 o'clock last night, according to advices received here from Leamington, Ont., the nearest point of communication. Walker is accompanied by the power boat Argus and a canoe and expects to complete his marathon aquatic feat within 28 or 30 hours. Neither craft is equipped with wireless, and it is doubtful whether any word as to Walker's progress will be received, although four newspapermen are aboard the Argus.

MEETING OF ST. JOSEPH'S ALUMNI

St. Joseph's Alumni held a meeting at the college hall in Merrimack street last evening with Pres. Joseph Montminy presiding. Important business affairs were transacted and the outing committees submitted their reports.

The annual outing will take place Sunday, on the Genoos club grounds. The members of the alumni will receive communion in a body at the 7:30 o'clock mass at St. Joseph's church Sunday, after which final arrangements will be made for departure. At 11 o'clock the members and those participating in the affairs will leave in automobiles for the grounds. The afternoon will be devoted to sports, among which will be two baseball games, one for the juniors and the other for the seniors. Track meets, broad jumps, potato and various other races, for which prizes will be awarded, will also fill the program. Among the prizes to be given are, a chest of silver, cigars, safety razors, flashlights and other useful articles.

The installation of officers will also take place at the grounds. A new board and executive committee will be nominated. The executive committee of St. Anne's school, Lawrence, will preside at the election.

New York and New Haven to Do Away With Coal Switching Charge

Word has been received at the chamber of commerce that the New York, New Haven and Hartford railroad, through the New England freight bureau, has decided to grant the request of the chamber and will do away with the 60 cent switching charge of coal shipments to Lowell from Providence, R. I., ports.

This is one of the greatest concessions granted to Lowell by any railroad and opens up another port through which coal may be brought into this city at an equal rate with shipments coming through Boston harbor. The freight charge on soft coal, per gross ton, is \$1.45 from Providence and \$1.32 from Boston. This difference of 13 cents is equalized as the cost of shipping coal by boat from tidewater is 13 cents more to Boston than to Providence.

While this new concession will not lower the price of coal in the slightest, it will make it possible for the coal dealers to have their coal shipped through Providence in case Boston harbor is congested or embargoed, at the same cost for freight.

The chamber of commerce, the New Haven railroad, and the N. E. freight bureau all investigated conditions here prior to the granting of this concession and it was estimated that about 120,000 tons of soft coal, about half the soft coal used in this city, would be shipped to Lowell via Providence if the switching charge were abolished. It was on this estimate that the New Haven road decided to grant the demand of the chamber and of the freight bureau and do away with the switching charge.

The letter received today from the N. E. freight bureau, says: "It will be unnecessary to present this proposition for public hearing as the same has been approved and recommendation made to the proponent carrier to publish the proposed rate."

Although the coal dealers will not have to pay this switching charge, which is really the cost of transferring cars from the New Haven to the Boston & Maine, the railroad company will have to pay for the work just the same, and they are figuring that a great increase in the amount of coal shipped into Lowell via Providence will more than balance the loss they take in doing away with the switching charge.

FAIRBURN'S CLERKS HOLD OUTING AT REVERE

"Yes, they have no bananas" or anything else at Fairburn's market today, for the simple reason that the market is closed and the clerks are enjoying their annual outing at Revere. Two large trucks filled to capacity with smiling men and women clerks left the store about 9 o'clock this morning and everyone appeared in a happy mood despite the threatening clouds which hung over the city at the hour of their departure.

The first stop was made at Thompson's grove in Wilmington, near Silver lake, where a program of light sports was indulged in until the noon hour. At 12 o'clock a bountiful dinner was served and when all appetites were appeased, the trip to the beach was begun, arrival being made in regulation time. Here the amusements along the boulevard attracted the pleasure-seekers while many defied the chilly atmosphere and took a dip in the ocean. The return trip is slated for an early hour this evening.

PAPER STARTS WORK ON NEW HOME

Work on the reconstruction of the Prescott mill storehouse into a new home for the Courier-Citizen newspaper Co., began today, following the passage of title yesterday afternoon. The contract has been awarded to the Rumens Construction Co. of this city.

STREET RAILWAY MEN'S MEETING

A special meeting of Division 280, Amalgamated Association of Street and Electric Railway Employees, has been called for this evening at 8 o'clock at the hall of the Knights of Columbus, 111 Merrimack street. This meeting is not given in the notices; it is believed the report of the board of arbitration, which has been sitting on the question of wages, will be submitted to the men.

LOWELL DAY AT DEVENS

DEATH OF HARRY STOCKS

Member of Business Department of Courier-Citizen
• Dies at Hospital

Harry Stocks, for many years connected with the Courier-Citizen Co. in its business department, specializing particularly in the circulation field, died last night at the Lowell General hospital after a long illness. His age was 65 years. Mr. Stocks was widely known throughout the city where he had lived since early childhood. He was active in the work of the First Baptist church, where he served as a deacon and in addition had been identified with several musical organizations and church choirs. He was a charter member of the Lowell Choral

Society. Harry Stocks was born in Acerra-

HARRY STOCKS

ton, England, Sept. 21, 1857, and came to Lowell at an early age. He was manager of the Lowell Morning Times office for 15 years, leaving there to succeed William Hatch as a circulation manager at the Courier-Citizen, shortly after the merger of the Lowell Daily Courier and Morning Citizen. At religious organizations, Mr. Stocks was cashier of the circulation department, having served a period of over 27 years.

47 KILLED, 37 INJURED IN TRAIN WRECK

BERLIN, Aug. 1.—(By the Associated Press)—Forty-seven persons were killed and 37 injured in yesterday's railway accident at the Kreienzen station when the Hamburg-Munich express collided with a standing train. The engineer of the express is said to have been unable to see the signals set against him and the locomotive crashed through the other train. Most of those killed were badly mangled, and identification was difficult.

BRITISH GUNBOATS ORDERED TO AMOY

HONG KONG, Aug. 1.—(By the Associated Press)—Because of the fighting between rival Chinese factions at Amoy, the British gunboats Diomedes and Fox Glove have been sent to that port. Looting is feared. The British and Japanese consuls asked for gunboats to protect foreign lives and property.

DR. WEINSTEIN REPORTED MISSING

NEW YORK, Aug. 1.—Dr. Julius Weinstein, a stomach specialist living on West End avenue, who gave up practice a year ago after a nervous breakdown had sent him to a sanitarium at Kingston, N. Y., today was reported missing. He left the Brooklyn home of his brother-in-law, Philip Levine, on July 4 stating he was going for a short walk. His relatives told the police they had not seen him since.

SUPT. MOLLOY INSULTED AT LAST NIGHT'S MEETING OF THE SCHOOL COMMITTEE

Mr. Delaney Questions Superintendent's Ability—Committeeman Bruin Declares Present System of Recommendations Gives Superintendent Chance to Play Politics—Mr. Molloy Says if He Had Stenographic Report of Meeting He Would Seek Redress

Another almost unmentionable meeting of the school committee was held last night at city hall and was marked with unfortunate exchanges between the superintendent and Mr. Delaney, the superintendent and Mr. Bruin, and others. Charges and insinuations were freely made and Mr. Delaney stated that the only way the school committee could get any information from the superintendent was to "knock it out of him with an axe." Mr. Molloy protested the insults proffered and said a stenographer had taken notes of the meeting he would seek redress.

Prior to the public meeting, the mem-

bers of the committee, with the exception of the chairman, Mayor Donovan, retired to an antechamber connected with the committee-room and held a private discussion which lasted about 25 minutes.

The meeting was called to order at 8.10 o'clock with all members present. Following the acceptance of the records of the previous meeting, the resignations of Miss Etheldred A. Whinot of the high school and Miss Gertrude McQuade, a teacher who has been on leave of absence for some time, were accepted.

THE LOCAL ANTHRACITE CHILD FELL INTO TUB OF BOILING WATER COAL SITUATION

As the result of the impending coal strike of anthracite coal miners, local dealers have been besieged with orders for this product and the supply at hand has been inadequate to meet the great demand. Several of the dealers are without anthracite coal at present and do not look for a change in the situation for three or four weeks yet. This is attributed to the fact that the retail dealers are subject to the allotment system which prevails in practically every section of the country, whereby each dealer is apportioned so much coal per month. The allotment is made in comparison to the supplies received in other years when the coal situation was normal. The dealers here are now awaiting their assignments for the coming

Charles Abramson, about 5 years of age, fell into a tub of boiling hot water at his home, 133 Howard street, at 2.30 this afternoon and received second degree burns to his back. A hasty call was put in for the ambulance and for Dr. Harry N. Ginsburg, the latter arriving first, and he took the child to St. John's hospital in his machine.

The accident occurred while the boy's mother was washing the floor. The boy came into the house and was told to go out. On his way out he slipped on the wet floor and fell into the tub.

METHUEN OFFICER FAILS TO IDENTIFY MAN ARRESTED IN BILLERICA AS MURDER SUSPECT

Paul F. Butler, Alias Statius Sarantakes is Held in \$25,000 in Connection With Murder of Methuen Policeman—Was Arraigned in District Court Charged With Operating Auto Without a License and Carrying a Revolver Without a Permit

Police Officer John MacDonald of Methuen, who was on duty with Police Officer Arthur J. Bower when the latter was shot and killed about 2 o'clock this morning, on the Lawrence-Lowell boulevard in Methuen, by three men in an auto, came to Lowell this noon with Chief James Riley of the Methuen police, and he failed to identify a man held as a suspect here. In fact, Officer Mac-

Donald was positive that the man held was not one of the three men who were in the auto, as he said he could recognize any of the three at an instant.

The identity test was made shortly before 1 o'clock in the guard room of the police station, when the man under arrest was lined up with the other men. Officer Mac-

Donald was positive that the man held was not one of the three men who were in the auto, as he said he could recognize any of the three at an instant.

SAYS OLD DURKEE HOUSE CAN BE RENEWED

William Sumner Appleton, secretary of the Society for the Preservation of New England Antiquities, taken issue with the local Inspector of public buildings in the matter of the Old Durkee house and in a letter to Chas. H. McIntire, secretary of the Lowell Historical society, says he believes the structure can be renewed and saved as a monument of great historic value. Mr. Appleton contends that reports have reached him within the year to the effect that the old timbers in the house still are fairly sound and adequate as a foundation for reconstruction and renewal.

Referring to the report of Building Inspector Francis A. Connor, who recommends the demolition of the house, Mr. Appleton states in his letter to Mr. McIntire that he believes Mr. Connor has allowed superficial appearance to dictate his decision and probably is quite ignorant concerning the value of a restored and preserved old house as a civic feature and an educational asset to the city.

PELHAM-LOWELL LINE IS DISCONTINUED

After 20 years of public service, the Massachusetts Northeastern Railway company yesterday permanently discontinued service on the Pelham-Lowell line. This is the first step in a program of curtailment which will in the course of the next six months leave several miles of track useless. During the early part of its existence the Pelham-Lowell line was extensively patronized but the rise of the automobile, coupled with other reasons, rendered it unprofitable.

Despite the removal of transportation services Pelham will still remain a town and without doubt in this era of automobiles some means of transportation will be obtained although perhaps not as efficient as the service rendered the town by the street railway company for the past 20 years.

An interesting sequel to the abandoning of the line is the resignation of Conductor Ollie G. Gillis, the first conductor to run a car over this route and who last evening collected the last fare which will ever be taken on the Pelham-Lowell line.

LICENSE BOARD HOLDS MEETING

The license commission transacted little business at its regular meeting last night. Only three applications for new licenses were made.

Theophilus Idlette, of 166 Pawtucket boulevard surrendered a common victualler's license and a Lord's day license; George H. Allen of 247 Putney street surrendered a lodging house license.

The licensees renewed follow: Junk collector, Hyman Warshawsky, of 76 Royal street; Job wagon, John Bray of 155 Church street; Lodging house license, Alice O. Boyle of 247 Putney street; and hawker and peddler license, John Stephen, 29 Fulton street.

Applications for the following licenses were granted: Common victualler and Lord's day license to Andrew Langlois at 153 Pawtucket boulevard; common victualler license to George Christopoulos of 529 Putney st.

STRUCK BY AUTOMOBILE

Nellie Geigmas, 8 years old, of 16 Pleasant street, was struck by an automobile operated by Rose E. Sargent of No. 10 Tewksbury on Andover street last night about 8:30 o'clock. The child was taken to St. John's hospital, and although her condition is not serious an X-ray will be taken today to determine the extent of the injuries to her head.

BOYHOOD HEROES

FOOD SHORTAGE THROUGHOUT RUHR

DUESSELDORF, Aug. 1.—(By the Associated Press) The effects of last week's full of the mark are beginning to show themselves in a pronounced food shortage throughout the Ruhr. The farmers are refusing to exchange good potatoes for badly depreciated money and, in consequence, potatoes, meat and other staples are almost unobtainable at any price. The farmer simply will not bring to town anything that will keep. This is true not only in the Ruhr but elsewhere in Germany.

The situation has become so acute that an aggravation of the present shortage if felt would make food riots not improbable.

GREAT INTEREST IN COTTON REPORT

WASHINGTON, Aug. 1.—The government's monthly cotton report to be issued today was awaited with unusual interest in the cotton world by producers, traders and manufacturers in view of the present comparative scarcity of raw cotton supplies. A month ago a crop of 11,412,000 bales was forecast by the department of agriculture basing its calculations on the condition of the plants on June 25, which was 89.8 per cent of a normal,

and on the area in cultivation on that date, which was 35,557,000 acres, the largest area planted in the history of the industry. Last year's crop amounted to 2,701,817 bales, the acreage 34,016,000 and the July 25 condition was 70.8 per cent of a normal. The average production for the last ten years was 11,890,152 bales, the average acreage was 34,413,000 and the average July 25 condition 72.4 per cent of a normal.

JUNIOR KNIGHTS OF K.K.K. TO BE ORGANIZED

INDIANAPOLIS, Aug. 1.—Organization of the junior knights of the K. K. K. has been definitely decided upon by the national executives of the Klan are articles of incorporation in 20 states will be filed within the next few days, according to an announcement made here today by Milton Friend, editor of the "Klan Cross," a Klan publication. Headquarters of the organization are to be located here, it was stated. Provision also will be made for the enrollment of girls in a separate branch of the Klan order and the ages for membership in both divisions will be from 12 to 15 years old, Mr. Friend said.

and on the area in cultivation on that date, which was 35,557,000 acres, the largest area planted in the history of the industry. Last year's crop amounted to 2,701,817 bales, the acreage 34,016,000 and the July 25 condition was 70.8 per cent of a normal. The average production for the last ten years was 11,890,152 bales, the average acreage was 34,413,000 and the average July 25 condition 72.4 per cent of a normal.

AMUSEMENT NOTES

THE RIALTO THEATRE

Wesley Barry, the lad of many freckles and the smile that never wears off, is announced for an appearance at the Rialto theatre beginning Thursday, where he will be seen in "Pictures of the Street." In this Warner Brothers production Wesley is seen as a plucky boy whose bravery helps him to do many things at which his grown-up superiors fail. He is cast in a role that gives him unusual opportunity to reveal some of his talents.

"Pictures of the Street" and "Rags to Riches." In them he was a mischievous, frolicking urchin always ready for a new prank; here he is all this plus a new quality that will all the more endear him to his many followers among the men, women and children of this city.

Humor and pathos are said to be

foundlings who find in their devotion for each other some compensation for the unkind fate which has deprived them of home and the affection of parents. But even this consolation is denied them, for Jimmy is adopted by a rich woman and passes out of Ann's life to reappear under conditions that seem at the time to shatter her faith in the goodness of life.

THE STRAND THEATRE
"Mighty Lak a Rose," the latest Ed.win Carewe picturization, which is to be shown at the Strand, is a wonderland of the Strand, tells a wonderfully interesting story of the power of music and the influences of good over evil.

This is by far the most interesting production seen here in many a day. It keeps you on the edge of your seat from start to finish with its many thrills.

"Forget-Me-Not," the second feature, is a love story but it is more than that. It is the life story of two

VERY LIGHT RAINFALL HERE IN JULY

Lowell had a total rainfall during the month of July of 2.26 inches, an unusually low precipitation and until last Saturday could boast only of 1.687 inches. Against this fall there is a mean rainfall for July covering a period of 55 years of 3.782 inches.

Locke and Canals records show that only one of the 11 storms during the month had any considerable area. That was the one of the 16th, which stretched from the White house in the White mountains to Lowell, caused a precipitation of .399 of an inch here, 1.25 inches at the Profile house, 1.30 inches at Cromwell's Falls, N. H., and falls in lesser amounts at towns in between.

While Lowell was struggling along with its rainfall of 2.555 inches, Manchester was swimming under a precipitation of more than 5½ inches, with other New Hampshire points of 11.705 inches was experienced.

How fitly Sunday is honored by fresh garments and clean linen

Her rightful pride in their clean linen

SUNDAY MORNING!

What a brightness and happiness it means in the American home!

How fitly the day is honored by fresh garments and clean linen.

Then, if ever, wives and mothers take a rightful pride in the spotless appearance of their husbands and sons—their shirts, collars, cuffs, and handkerchiefs fairly sparkling with whiteness.

These things, once so hard to wash, are now easily kept clean. Rinso makes the new kind of soap, gently loosens all the dirt. Soaks the dirt right out.

You put your clothes to soak in the Rinso suds—soak an hour, two hours, over night, if you wish, and then just rinse.

Hold them up to the light and see how white and clean. Only the very dirtiest spots where dirt has been ground

in need rubbing. And these you rub but lightly. Sprinkle on a little dry Rinso. The stubborn spots yield at once.

If you boil your white cottons, there is nothing so good as Rinso. Just pour enough into your boiler to get the suds you like. It will dissolve instantly in the boiling water.

For the final washing, whether in set tubs or in a washing machine, Rinso makes the work easier, quicker—your clothes whiter. You need no soap powder—no other soap with Rinso.

Rinso is made by the largest soap-makers in the world—the makers of Lux. For the family wash Rinso is as wonderful as Lux is for fine things.

Get Rinso today. Sold at all grocery and department stores. Comes in two sizes—regular size and the big new package. Lever Bros. Co., Cambridge, Mass.

With Rinso—the new kind of soap—soaking takes the place of rubbing

THE KELEFLEX ARCH FOR TENDER FEET

DEATHS

WILLIS.—The many friends of Mrs. Blanche Willis, wife of Percy L. Willis, will be grieved to hear of her death yesterday morning at the Shaw hospital at the age of 23 years and 26 days. Mrs. Willis was held in high esteem by all who knew her. Besides her husband she leaves two sisters, Gladys and Gertrude Conillard, and two brothers, Joseph and Charles Conillard, all of Lowell. Mrs. Willis was a member of the Elliot Union Congregational church and also a member of Puritan chapter 50 of the Lodge of the Eastern Star. Her body was removed to the undertaking parlor of Hiram C. Brown.

BROWN.—Margaret M. Brown, beloved daughter of Ernest and Mary Alice (Bullard) Brown, died away this morning at the home of her parents, 23 Sixth street after a brief illness aged 1 year, 19 days. She leaves to mourn her loss, besides her parents, her grandparents, Mr. and Mrs. George W. Bullock, of this city.

OGDEN.—The many friends of Frank and Grace R. Ogden were grieved to hear of the death of their little daughter, Natalie J. Ogden, who died last evening at the home of her parents, 5 Walker avenue aged 2 years and 4 months. Two sisters, Dorothy F. and Barbara A. Ogden, were charge of Undertaker John H. Saunders.

RUSSELL.—Mrs. Cora Russell died this morning at her home, 53 Bradley street, aged 26 years. She leaves her husband, John Russell and two sons, Raymond and Arthur Russell, her parents, Mr. and Mrs. Edward Allard and two brothers, Paul and Edgar Allard, all of this city.

COGGIN.—Miss Anna S. Coggins, daughter of the late Harris Kittredge and Jacob Coggins, Jr., formerly of Tewksbury and Lowell, died last evening at her home, 58 Tyler park.

FUNERAL NOTICES

WILLIS.—Died in this city, July 31, at the Shaw hospital. Mrs. Blanche Willis, funeral services will be held from the rooms of Undertaker Hiram C. Brown, 14 Loring street, Thursday afternoon at 2 o'clock. Friends are invited. Burial private. Arrangements are in charge of Undertaker Hiram C. Brown.

DUNFEE.—Died July 20th, in this city, very suddenly, Mrs. Florence A. Dunfee, at her home, 175 Westford street. Funeral services will be held at the Funeral Church, 230 Westford street, Thursday afternoon at 2 o'clock. Friends are invited without further notice, burial private. The funeral

HALEY.—The funeral of Mrs. Kate (McCarthy) Haley took place this morning from her home, 145 Cross st. at 9 o'clock and was largely attended by relatives and friends. The funeral cortège, headed by two automobiles filled with floral tributes, proceeded to St. Patrick's church where a solemn high mass of requiem was celebrated by Rev. John J. McGarry, Fr. John Powers, deacon, and Rev. Joseph Curtin, sub-deacon. Seated within the sanctuary were Rev. Francis Curley, O.M.I., and Rev. Francis Curley, O.M.I. The choir sang the Gregorian mass. Miss Frances Tighe and Mr. Andrew McCarthy and Daniel S. O'Brien sustaining the solo. Mr. Michael Johnson presided at the organ. There were many heralds and spiritual helpers in attendance at the funeral. The ushers were Stephen Griffin, Thomas Cunningham, Jr., and Patrick Grady. The bearers were William Fine, Alvin Joy, Andrew Haley, Tom Sweeny, Lester Tansley, and Thomas Cunningham. Interment was in St. Patrick's cemetery. Rev. Joseph Curtin read the committal prayers. The funeral arrangements were in charge of Mr. George H. McDermott. Undertaker Peter H. Sweeney's son in charge of interments.

BROWN.—The funeral of John Brown took place from his home, 433 Wilson street, North Billerica, Tuesday afternoon. Prayers were said at the home and services held at St. Anne's Episcopal church at 2 o'clock which were largely attended. Rev. Thomas P. Gale, rector, officiating. St. Anne's church choir sang appropriate selections. Shawshene Lodge, I.O.O.F., and Ashland Lodge, A.O.O.F.C., were represented by delegations. Thomas T. Talbot, A.A. and A.M., were represented by Everett S. Bell, W.M., Rev. William L. Walsh, Rev. J. Harold Dale, Rev. Chester Armstrong, J. H. Roome, James W. Ritchie, Alexander Hele, Norris Millbury, Arthur S. Cole, W. H. Sexton, Pearl Kinney and Coburn S. Smith. The flowers were Henry Brown, Harold Brown, Frederick G. Brown, J. Arthur Brown, J. Thomas Brown and Charles Fairbrother, Jr. Burial was in the family lot in the Edison cemetery where the service was read by Rev. Mr. Gale. The Masonic funeral service was read by the above delegation of Masons. The dirge was under the direction of Undertaker W. Herbert Blake.

FAY.—The funeral of Mrs. Nora (Barrett) Fay, a well-known resident of this city took place this morning at 8:15 o'clock, from her late home, rear of 167 Jewett street, and was very largely attended by relatives and friends. The cortège proceeded to St. Michael's church, where at 9 o'clock, a high mass of requiem was celebrated by Rev. Thomas J. Heaney. Seated within the sanctuary was Rev. Daniel P. Scamell of Franklin, Mass. The choir, under the direction of Margaret Griffin, rendered the Gregorian mass. The solo was sung by Miss Margaret McDonough, Margaret McGuire, and Miss Griffin. Mrs. Ella Reilly Toye

PHILLIES KNOCK REDS OUT OF SECOND PLACE BY DOUBLE VICTORY

CINCINNATI'S PENNANT HOPES JOLT-ED WHEN PHILLIES WIN TWIN BILL

Upset Gives Giants an Unexpected Addition to Their Lead—Pirates Lost to New York, But Moved Up to Second Place—Braves Win From Cubs—Indians Trim Red Sox

NEW YORK, Aug. 1.—The Phillies stepped up to the Eads in Cincinnati yesterday took a double header from them and slipped into third place in the National League, thereby handing the Giants an unexpected addition to their lead. The Pirates, although they lost to the New York team, moved up to second place.

The Phillies allowed Cincinnati just one run in each game, and won by scores of 2 to 1 and 3 to 2. The first game was a battle between the batters, Rixey and Ring, with the boppers hard to decide. Cough was hit hard in the second game and removed in the fifth inning. Mitchell after bumping heads with Heuke while chasing a foul ball, was pulled out of the second game because of pain.

The Giants had some difficulty in returning the Pirates, who took four runs in the seventh inning, but finally won, 5 to 4.

The Robins and the Cardinals split even in St. Louis, the home team winning the first game, 11 to 8, and

Brooklyn taking the second, 5 to 4, and moving into fourth place. Hornsby knocked a homer in the first game, and Fournier and B. Griffith followed suit in the second.

Cleveland won in Boston by batting Ehmke around the lot in the eighth and ninth innings, and just squeezing one short. The Indians scored the winning run in the 11th on a pass to Lutze, a sacrifice by Knude, and a single to left center by Myatt.

In Washington, Detroit trounced the hosts, 12 to 5, piling up six runs in the ninth inning on two hits off Zachary, his five, Shadwick, who replaced him, a scheduled second game was called in the second inning because of rain.

The Braves took an easy victory in Chicago, slammimg out 16 hits for 25 bases, and downing the Cubs, 10 to 5. Baer displayed his usual resource with two double plays, squelched the Chicago rallies.

"RED" CHAPMAN WINS TWILIGHT LEAGUE GAME

Gets Decision Over Terry Martin—Dillon Beats De Salvo—Corbett Wins

BOSTON, Aug. 1.—Clenched fists and straight punches more than discounted aggressiveness and open-hand slaps and swines in last night's feature bout of the C.M.A.C. in the Mechanics building.

The result was a victory for "Red" Chapman of the South End, over Terry Martin of Providence, in 10 rounds of fast battling in which both exchanged plenty of blows.

But the shots scored by Chapman were clean, straight and true, while he did a bit too much bucking away and let out only in the last few seconds, the counted for points in his favor.

Martin had most of the "pug" last night and it was on top of the stock of the meter until the tail end when Chapman's heavier punches to the head and body sent him to the floor and stowed him down. The Providence chap, as frequently as he scored, spoiled his better chances by working open-hand and, while he landed the more blows, particularly in the first half of the fight, many of them were either shorts or scored with the heel or inside of the glove. Consequently, they did not count in fact, were delivered at a great loss to himself in the final round.

After the semi-final of 10 rounds by K. O. Eddie Williams of East Boston and Willie Corbett, the Harvard student, preceded the main bout, Williams is a compact and dangerous boxer, well-muscled and outbested the tall, right and had a good seven rounds out of ten.

In the opening bout of the tournament Frank Zurelli of the South End proved too rugged for George Berg. He was very tired and the latter seconds tossed him in the ring in the fifth round to save him from further punishment.

Jack Dillon of Woburn boxed rings around Paul Desalvo, the rugged Bronx boy, in the next bout. It went the route of 10 rounds and the award was given to Dillon.

TUNNEY BEATS O'DOWD

NEW YORK, Aug. 1.—Gene Tunney, American light heavyweight champion, was given the judges' decision over Dan O'Dowd of Boston, after a 12-round bout last night in the Queensboro Stadium. The champion staggered O'Dowd with body blows in the fifth round. O'Dowd landed less than half a dozen solid punches in all the rounds.

The crowd boxed both fighters until they left the ring. Tunney's blows were ineffective in most of the rounds and his fighting was wild. Tunney weighed 174 pounds and O'Dowd 170.

VILLA OUTCLASSES WILLIAMS

PHILADELPHIA, Aug. 1.—Pancho Villa, world's flyweight champion, gave Kid Williams of Baltimore a terrible beating in the future bout at Sheepshead park here last night. The little brown man outclassed, outfought and outgeneraled the veteran Baltimore batter from the start.

A sensational finish by Eddie (Kid) Waseer of this city earned him a triumph over Elmo Flores in eight rounds.

MORE TEAMS FOR THE MASS. STATE LEAGUE

Local patrons of the Massachusetts Twilight League may look forward to seeing a couple of new teams in the circuit in the near future. Rumor has it that Greenfield, Lawrence and Northampton are clamoring to join in the league. The Twilight League in Lowell followed the example of the defunct Lowell League this week and disbanded for lack of financial patronage. Lawrence now wants to enter a team in the Mass. League and would probably do so if the other towns will join in.

Greenfield and Northampton situated in close proximity to each other, have also signified intentions of joining the fast Mass. circuit and are on the verge of making application for admittance. Action will be taken on the matter at the next meeting of the league representatives.

WITCH CITY GAME IS CALLED OFF

The game between the Lowell C. M. A. C. and the Salem town team, scheduled for tonight in the Witch City, has been called off. Next Friday night on the Textile campus the C. M. A. C. will play the fast Ware team. This game was originally scheduled for tomorrow night, but was postponed because of the big game at Granville. In Granville, when the Abbott Worsted play the leading Pittsburgh outfit. Next Saturday afternoon, Woonsocket comes to Lowell for a tilt with the C. M. A. C. at Alumni field. These two home games on the local schedule look promising.

One of the most famous fishing grounds, the Dogger Bank, in the North Sea, is said to be falling off as a source of supply.

HERE'S THE FOREST CITY OUTFIT, IN THE TOP ROW, LEFT TO RIGHT, SENN, BRENNAN, GEIRING, BARROW, PERKINS AND SABO. BOTTOM ROW, VOIGHT, RANG, RAUTH, HINDS, HINER AND TRUE.

(By N.E.A. Service) NEW YORK, Aug. 1.—Men from the composing room would have a word with you.

It's simply this: If the headlines are upside down, or if the type is " pied," or John Smith's name appears under Mary Brown's picture, or editorials are relegated to the market pages and the marriage notices sandwiched in between accounts of baseball games and golf matches—

Please don't lose your temper.

After Hermann Cup

The apromed gents, of course, are trying to guard against all this. But there's a pretty fair chance it might happen.

And here's how and why: A lot of linotype operators are deserting their machines and "floor" men their type cases. No, they're not walking out on strike. They're packing up and coming here to the big town.

Quite true, all the boys aren't joining the Gotham caravan. But those at home will be so interested in what the fellows here are doing,

that there's liable to be a few slips main. And just one of these can now and then.

Cleveland on War Path

The attraction is the annual tournament of the International Typographical Union Baseball League, at the Polo Grounds, August 4-11.

Peltons' teams from 14 different cities all have their eyes on the Garry Hermann trophy. This, a large loving cup, is the gift of the National League president.

Now it reposes in Washington's hands. Naturally, the District of Columbia nine isn't any too eager to give it up. But the Washington guys are going to fight like the deuce to keep it.

Marty Brennan's boys from Cleveland, runners-up last year, are determined they're going to carry it back home with them.

New York admits it wouldn't turn it down. It's unlikely Philadelphia, St. Louis, Pittsburgh, Cincinnati, Detroit, Chicago, St. Paul, Indianapolis, Toronto or Hamilton, Ont., would be kept busy too.

The Typographical Union is the labor organization that goes in for an international or even a national athletic event.

All summer the different teams have been playing other outfits in their home localities. Many are in the different leagues sponsored by amateurs in their cities. They're always in first class condition when the tournament rolls round.

And printers throughout the country are waiting for the final verdict.

So folks, have a heart if your favorite newspaper is a bit out of line, these next few days.

VETERAN CHICK STILL DRAWS THE CROWDS

There were plenty of golf bugs in the gallery when Chick Evans of the Edgewater club, Chicago, seven times western champion, downed Freddie Lamprecht of Dover Bay, O., in the elimination matches of the western amateur tournament at the Mayfield Country Club in Cleveland.

JOE LYNCH MATCHED TO LOWELL C. M. A. C. LOSES; CHELMSFORD A. A. WINS MEET PANCHO VILLA

Although losing last night to the Abbott Worsteds at Framerville by the score of 2 to 1, there was play in defeat for the Lowell C.M.A.C. for the locals covered themselves with laurels in one of the best games played in the history of the tournament.

This is a hard-fought contest, from third until the eighth, ending the teams battled at one all. Barber's home run in the eighth frame definitely settling the issue in favor of the league runners-up.

"Lefty" Locke pitched for Lowell and he was opposed by Al Davidson. The latter had the better of the armament, but it was the Abbotts who won.

Several dangerous holes sole by employing everything at his command.

Both teams played errorless ball and the game was fast and interesting throughout. Connors, a new man, was at short for Lowell and made a good impression. He got one hit and held his position nicely. Eddie Cawley's two-sacker was Lowell's longest hit.

The score:

Two base hits: Belleville, 1; MacElroy, 1; Linton, 1; Lutender, 1; Purtell, 1. Three base hits: Hubert, 1; Zellingen, 1; Berg, 1; Purtell, 1. Double plays: Barton, 1; Barking, 1; MacElroy, 1; Cawley, 1; Berg, 1; Purtell, 1. Sacrifice hits: Dee, Murphy, 1; McGinnis, 1; Freeman, 1; Cawley, 1; Linton, 1; Berg, 1; Zellingen, 1; Berg, 1; Purtell, 1. Struck out: By Davidson, 12; By Locke, 12; By McGinnis, 12; By Teller, 1; By Freeman, 1; By Linton, 1; By Berg, 1; By Zellingen, 1; By Berg, 1; By Purtell, 1. Passed balls: By McGinnis, 1; By Freeman, 1; By Linton, 1; By Berg, 1; By Zellingen, 1; By Berg, 1; By Purtell, 1.

The interpretation:

In the second play, where the runner on first kicked the ball into right field, while the runner on third was attempting to score, the runner on third should have been ruled out for interference while the runner originally on third should have been sent back to that base.

In kicking the ball the runner prevented the possibility of the first baseman getting the man on the plate. In this case, there was no play being made, and the runner who had advanced to third was on second, simply kicked the ball away.

I would have called time and sent the runner who had advanced to third back to first and inflicted no other penalty.

TENNIS TOURNAMENT

SEABRIGHT, N. J., Aug. 1. Brian C. Morris, South African star, who yesterday advanced to the round before the semi-finals in the Seabright lawn tennis and Cricket club's annual invitation tournament, is expected to supply the chief excitement of today's matches in his clash with Watson M. Washburn, of New York.

LOST STUDENTS FOUND

Guides Rescue Famine and
Footsores Youths on Mount Katahdin

LEWISTON, Me., Aug. 1.—A special despatch from Ripogenus to the Sun last night announced that Alfred Merian, Jr., and Gaston Dallendech, students lost on Mount Katahdin since last Thursday, had been found at the summit of the mountain at noon yesterday by two guides. They were reported to be in good physical condition.

Footsores and famine Alfred Merian, Jr., and his chum, Gaston Dallendech, who lost their way on Mount Katahdin last Wednesday, were found huddled together near the monument of stones at the highest peak of the mountain yesterday by Guido Eugene York and Abol Cook. The boys seemed mentally alert and their physical condition was good, considering that their chief food for the past six days had consisted of wild berries.

While only meager details are available at this time it is stated they lost their way on the north side of the mountain and were unable to find the trail. In the belief that searching parties would first visit the summit of the mountain they made the ascent under great difficulties by a way hitherto unexplored by mountain climbers. Their feet and hands were cut and bruised by sharp rocks and their scanty clothing torn by the thornlike bushes.

After the guides had given them food and coffee the party started down the mountainside for a hike of 10 miles to Maurice York's camp on

Dalcy pond, thence to Abol camp on Abol stream where they were to remain overnight. This morning they will hike a distance of eight miles through the woods to the Soudahunk road where they will be met by automobile and conveyed to Ripogenus where the Merian boy's father and mother, Mr. and Mrs. Alfred Merian, Sr., his brother, Richard, and his uncle, Dr. Thaddeus Hyatt, all of New York, are located.

Mrs. Merian who had been nearly prostrated at the Merian summer home at Wayne since she first learned that her son had been lost on the mountain insisted on joining her husband at Ripogenus today, making the trip by automobile.

It is understood here that the reward of \$500 offered by Alfred Merian Sr., for the recovery of his son will be divided between the two guides.

GETS DIPLOMA FROM LA SALLE UNIVERSITY

Miss Catherine E. Boland, formerly of this city and now of Boston, has completed the accounting course and received her diploma as an accountant from LaSalle Extension University of Chicago. Miss Boland was employed by the A. G. Pollard Co. for 12 years, the last two years of her service being in the clerical department where she was supervisor of cashiers under Mr. Dunlap, whom she attributes a great deal of her success. For the past six years she has been employed as a saleswoman in the ladies' garment department of the R. H. White Co., of Boston.

Miss Boland is a great booster for LaSalle University and believes the college cannot be equaled in good service. She says she received the utmost courtesy during her course of training and is justly proud of what she has achieved.

Stop Indigestion With This Vegetable Tonic!

At last, a quick way to stop indigestion without injuring the most sensitive stomach. Dr. H. S. Thacher, the celebrated stomach specialist, has perfected a purely vegetable tonic that is delicious to take, well suited to the weak, delicate stomach, and has produced amazing relief throughout this section in cases that had failed to yield to ordinary treatments.

The next time your tongue is coated, gas on your stomach bloats you, your heart palpitates and you have that lazy, depressed feeling after meals, just take a delicious tablespoonful of Dr. Thacher's Liver and Blood Syrup. Notice the

quick difference in the way you feel. Keep this up a few days and it will not only stop indigestion, but will increase your appetite, tone the liver and bowels, clear up your complexion and send healthier blood coursing through your veins. It is an excellent hot weather tonic to relieve that delightful feeling of strength, energy and pep.

Dr. Thacher's costs only a trifle and is sold with the understanding that your money will be promptly returned unless you get complete satisfaction and relief.

MRS. T. J. MCCULLAN (LEFT) AND HER HUSBAND

BY N. E. A. Service
LORAIN, O., Aug. 1.—There always are some who'll tell you that love is blind.

Better not let T. J. McCullan or his wife hear them say it.

For the McCullans have lived together happily for more than half a century now, and neither ever has seen the other.

Both are blind. But love with them is not. It is their eyes.

Came a footfall on the stairway. Mrs. McCullan stops her dusting.

"Tom," she calls, "you'll find me in the parlor."

He does.

Let Mrs. McCullan explain:

Happened While Child

"You see in compensation for the loss of my sight, God has sharpened my other senses. The touch of a

finger warns me when the bread is ready to be taken from the oven."

Mrs. McCullan, now 67, was deprived of her sight in childhood. Her husband, who is 73, was born blind.

They met for the first time while attending school at Batavia, O. Cupid had brought them together. Into the darkness of their lives crept a new and beautiful light. And the passing years have not dimmed it.

Well educated and talented musicians, too, they formerly supported themselves by concert and chautauquas.

In 1888 they came to Lorain from Cleveland. They own their own home and an adjoining residence.

McCullan used to be organist at St. Mary's church here. One of his wrists was broken by a fall 10 years ago. Since then he hasn't been able to play any instrument save the violin.

ROYAL ASSENT

FOR LIQUOR BILL

LONDON, Aug. 1.—(By the Associated Press) Royal assent was given

CHILDREN'S ROOM AT PUBLIC LIBRARY

The children's room at the Lowell public library affords many happy hours to those who care to visit it. There are scores of new books which arrived recently. There is a book for each individual, whether a tale of adventure, mystery, camping, educational or otherwise. Among the adventure stories for boys are Father Finn's novels which are always welcome to boys' minds, and Father Royston, who writes on somewhat the same principle as Father Finn. For the young misses, there are wonderful camping stories, filled with adventure from beginning to end. Even the tiny tots have not been forgotten. There are interesting stories all about Sunny Cottontail, Mr. Hare, Our Funny

Friends and other inhabitants of the wooded dale.

The summer hours at the children's room are from 12 noon to 6 every day, except Thursday. On Monday and Saturday evenings the library is open until 8 o'clock.

Miss Hill, the supervisor of the children's room, is always ready to assist the little ones in selecting reading matter suitable to their age, and the children find in her an interested and willing friend.

Bull's-Eye
Bull's-Eye Bedbug Killer
Bull's-Eye Roach Killer
AT DRUGGISTS**SHE IS RESTORED TO PERMANENT HEALTH****Acid Rising, Gas on Stomach, Constipation, Sluggish Liver, Overcome by Dreco**

Weak kidneys made me get up many times each night. Every time I moved pains darted through my back like a red hot iron.

Immediately after starting to take Dreco I began to feel better. Now I enjoy my meals like every other fortunate man or woman. No fear of pains or suffering from gaseous stomach. My system is clean and healthy, freed from poisonous constipation. I feel like a new person. All my thanks to Dreco.

"It is so wonderful I wish everyone would enjoy the benefit of health derived from taking it."

This is only one of the hundreds of enthusiastic reports coming in daily. Men and women from all parts of the country are singing the praises of Dreco because through it they tell how they have found permanent relief from sickness and pain, in many instances after everything else has failed, and they were ready to give up hope.

Call today at Green's Drug Store and ask to talk with the expert from the Dreco Laboratories. He will courteously tell you of the merits of this wonderful remedy. Also he will honestly tell you whether or not he thinks Dreco will benefit you. Also Dreco is sold by Nashua Drug Co., 175 Main St.—Adv.

The McCullans have had four children. Just one daughter is living now.

Mrs. McCullan does all her own housework. Neighbors marvel at the neatness of her kitchen. You couldn't find a neater one.

Like Radio

Both "Tom" and his wife are interested in radio. They're counting on a bigger and better set some day.

If there's a more contented couple anywhere at all, Lorain folks would like to meet them.

"We still are sweethearts," Mrs. McCullan tells us. "In spite of every-thing, we've been mighty happy.

I you are suffering terrible pains, cramps double you up. Gas rising to your mouth causing you to belch. A dryness of the throat makes it impossible

for you to breath. For years I was bothered this way.

"Laxative after laxative failed to re-lieve me of acute constipation. My

system was poisoned. I felt tired and looked as bad as I felt. My nerves were shattered, worn out by deplorable con-dition. In the morning I got up feeling as tired as I did when I went to bed.

Who then will say love is blind?

Yesterday to Lady Astor's liquor bill,

yesterday to Lady Astor's liquor bill,

thus formally placing it upon the statute books.

The bill, which prohibits the sale

of intoxicating liquors to any person

under 18 years of age, was passed by

the house of lords last Tuesday.

**"That's Why I Am Careful About My Hands While Cooking"**

Scene: A fresh, bright, modern kitchen

Time: This afternoon—just before dinner

Mrs. Youngwife is thinking aloud:

"When mother taught me her kitchen secrets she missed only one point.

"Burnished pans, a fresh-scrubbed ice-box, spotless sink and stove are awfully important. So are the cheerful white walls and clean windows. They help make cooking a pleasure.

"But I honestly believe that lecturer at the club told us the most important thing of all.

"My goodness! Millions of germs can collect on the tip of one fingernail. They are brought into my kitchen on vegetables, much handled fruit, packages from the stores, on greasy milk bottles—in fact on anything that

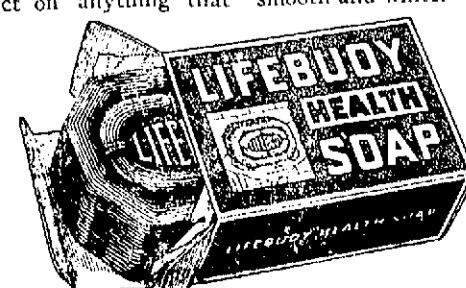

many hands have touched. Flies, too, are a danger. And those germs will get into the food unless I rid my hands of them. I can't be too careful of my hands during cooking hours if I am to protect the health of Daddy and the youngsters.

"Clean hands! I now use Lifebuoy Health Soap constantly while cooking.

"It seems that in Mother's day clean hands were hands which were not dirty.

"Clean hands today are hands which have been purified.

"And Lifebuoy certainly does keep the skin in wonderful condition—soft, smooth and white."

**What is Lifebuoy Health Soap?**

A germicidal action without irritation! A soap that creates beautiful skin by the simple perfection of its deep, healing, cleansing action! A deodorant which removes the cause of skin odors—overcomes them at their source!

If you are a normal woman, busy in a hundred places each day, shaking hands, telephoning, brushing against people, resting your hands upon the dirty surfaces of any number of objects—you are germ-contaminated. That is, until the deadly microbes have been removed.

You, too, should see that Health Soap is used frequently during cooking hours. The best thing about Lifebuoy is that it can be used constantly without damaging the fine-textured skin. The famous Lifebuoy health substance soothes as it purifies.

You will love the wholesome Lifebuoy health odor. Place a cake every place where there is running water. Lever Bros. Co., Cambridge, Mass.

Former Grand Opera Prima Donna Will Go Around The World With One Suitcase

BY GEORGE BRITT,

NEA Service Writer.

CHICAGO, August 1.—Nelly Blum's old record of around the world in eighty days was smashed early and often.

Chair Eugenia Smith, prima donna millionairess is off to set a new record, one harder for a woman to make and likely to stand longer. It is to go around the world with baggage reduced to a single suitcase.

One plain, black suitcase without

similarly reduced to one ring, one wrist watch and one necklace.

Only Necessaries

The outfit represents the absolute minimum of a veteran traveler. When articles wear out new ones will be bought. In Japan she may wear a kimono and in Turkey, a veil. Mrs. Smith is the wife of William E. Smith, who recently inherited \$100,000 from his mother. Smith and three others complete the party, and the five, in light marching order, have only five traveling bags.

"I know all about baggage," says the owner of the suitcase, stopping here on the first lap of the journey from New York.

Ah, So That's It!

"I've traveled with a dozen trunks, and I know the penalty one pays for that. I started to Europe last summer with two trunks and a big bag. But I left the trunks at the first stop on the way. When I get back to Paris on the way home, I'll have the excuse to lay in a wardrobe of new clothes."

To prove her faith in the baggageless tour, Mrs. Smith in Chicago offered to take along a less Marjorie McLeod, music critic here, provided she wouldn't carry any extra luggage.

Mrs. Smith appeared as prima donna last spring in grand opera in Philadelphia, and upon her return to America she says she intends to make a new attempt to establish a native opera theatre in New York.

Supt. Molloy Insulted
Continued

the school department as drawn up by Business Agent Henry Williams was read. This report showed that \$25,000 will be needed to carry on the work of the school department for the next six months. Mr. Mullin moved that the report be received and a sub-committee to consist of Mr. Williams, Supt. Molloy, Mayor Donovan and the city auditor be appointed to go over the report and bring in recommendations at the next meeting. On amendment, Mr. Mullin was made a member of the committee.

On motion by Mr. Delaney, the business agent was instructed to purchase supplies necessary for the schools for the coming school year.

Mr. Riley asked for a report from the business agent relative to the acquisition of pianos as voted at the last meeting. Mr. Williams stated that he had made out a requisition and forwarded it through the regular channels and had heard nothing further from it. The mayor then explained that he had had the requisition under consideration for a month. After further questioning he stated that "there was a point of law involved." Mr. Riley immediately requested what the point of law was and the mayor told him that he "would let him know Monday."

Mr. Delaney moved consideration of a previous resolution to purchase instruments for the high school orchestra. He said the Lowell school is poorly equipped in the matter of instruments for its orchestra and added that pupils have been forced to borrow instruments used. The matter was taken from the table and Mr. Delaney moved the passage of a vote, authorizing the business agent to spend not more than \$600 for the purchase of necessary instruments as designated by Headmaster Harris. The motion was carried unanimously.

Use of Alumni Field

Mr. Pearson moved the annual payment of \$500 by the school department to the Lowell High School Alumni association for use of Alumni field for baseball and football games in which the school teams participate. Mr. Harris spoke on the matter and in answer to a question as to admission charges, said it would be necessary to charge admission as usual. The original motion was amended to read in effect that the money be appropriated toward the support of high school athletic teams, said amount to be paid to the treasurer of the high school athletic association. In this form the motion prevailed, the first payment to be made in September.

Mr. Brum asked the mayor if a date has been set for a meeting of the special committee on rules. He said he believes there is need of redefining the rules in part, at least. Dr. Slaughter said she would like to have a meeting next week. Mr. Brum expressed the belief there has been unnecessary delay in calling a meeting of this committee. "Something is behind it—I do not know what," declared Mr. Brum. Because Mr. Riley was out of the com-

mittee room temporarily, action on the matter was delayed.

Mr. Delaney inquired into the schedule of summer school work on playgrounds and, during the discussion, said he did not look with favor upon the practice of allowing girls of about 12 years of age to play baseball with boys of like age.

Mr. Delaney and Dr. Slaughter both felt girls who are taking sewing and cooking should not be compelled to go outdoors and join in vigorous games such as baseball and volleyball.

William Thornton, supervisor of janitors, submitted to the board a certified civil service list for school janitors or matrons. The first three names were Mary C. Gallagher, Mary A. Marin and Marcella Donnelly, in that order.

On the first ballot for election, Mary A. Marin received the votes of Mr. Brum, Mr. Delaney, Mr. Mullin and Dr. Slaughter, and was elected. Mrs. Pearson, Mr. Riley and the mayor voted for Mary A. Gallagher.

Mr. Brum asked the superintendent if the number of pupils attending the summer classes at the high and Green schools were sufficient to warrant the continuance of the schools. The superintendent replied in the affirmative and said that daily attendance at each school is 120 boys and girls.

The Bond to Trouble

Mr. Delaney then moved the election of two permanent substitutes for the commercial department of the high school. The superintendent asked the reason for such a move and Mr. Delaney stated that he did not believe it necessary for him to give reasons when he makes a motion to the committee. Mrs. Pearson then stepped into the fray. "The election of permanent substitutes," she said, "is on the road to make more trouble than anything else we have done since January.... If we start this, we are starting trouble, you can ask Mr. Harris about that." Mr. Harris kept silent however, and Mr. Delaney remarked that he did not think that Mr. Harris should be brought into the matter at all.

Mr. Brum moved that Mr. Delaney's motion be received and a sub-committee to consist of Mr. Williams, Supt. Molloy, Mayor Donovan and the city auditor be appointed to go over the report and bring in recommendations at the next meeting. On amendment, Mr. Mullin was made a member of the committee.

On motion by Mr. Delaney, the business agent was instructed to purchase supplies necessary for the schools for the coming school year.

Mr. Riley asked for a report from the business agent relative to the acquisition of pianos as voted at the last meeting. Mr. Williams stated that he had made out a requisition and forwarded it through the regular channels and had heard nothing further from it. The mayor then explained that he had had the requisition under consideration for a month. After further questioning he stated that "there was a point of law involved." Mr. Riley immediately requested what the point of law was and the mayor told him that he "would let him know Monday."

Mr. Delaney moved consideration of a previous resolution to purchase instruments for the high school orchestra. He said the Lowell school is poorly equipped in the matter of instruments for its orchestra and added that pupils have been forced to borrow instruments used. The matter was taken from the table and Mr. Delaney moved the passage of a vote, authorizing the business agent to spend not more than \$600 for the purchase of necessary instruments as designated by Headmaster Harris. mittee room temporarily, action on the matter was delayed.

Mr. Delaney inquired into the schedule of summer school work on playgrounds and, during the discussion, said he did not look with favor upon the practice of allowing girls of about 12 years of age to play baseball with boys of like age.

Mr. Delaney and Dr. Slaughter both felt girls who are taking sewing and cooking should not be compelled to go outdoors and join in vigorous games such as baseball and volleyball.

William Thornton, supervisor of janitors, submitted to the board a certified civil service list for school janitors or matrons. The first three names were Mary C. Gallagher, Mary A. Marin and Marcella Donnelly, in that order.

On the first ballot for election, Mary A. Marin received the votes of Mr. Brum, Mr. Delaney, Mr. Mullin and Dr. Slaughter, and was elected. Mrs. Pearson, Mr. Riley and the mayor voted for Mary A. Gallagher.

Mr. Brum asked the superintendent if the number of pupils attending the summer classes at the high and Green schools were sufficient to warrant the continuance of the schools. The superintendent replied in the affirmative and said that daily attendance at each school is 120 boys and girls.

The Bond to Trouble

Mr. Delaney then moved the election of two permanent substitutes for the commercial department of the high school. The superintendent asked the reason for such a move and Mr. Delaney stated that he did not believe it necessary for him to give reasons when he makes a motion to the committee. Mrs. Pearson then stepped into the fray. "The election of permanent substitutes," she said, "is on the road to make more trouble than anything else we have done since January.... If we start this, we are starting trouble, you can ask Mr. Harris about that." Mr. Harris kept silent however, and Mr. Delaney remarked that he did not think that Mr. Harris should be brought into the matter at all.

Mr. Brum moved that Mr. Delaney's motion be received and a sub-committee to consist of Mr. Williams, Supt. Molloy, Mayor Donovan and the city auditor be appointed to go over the report and bring in recommendations at the next meeting. On amendment, Mr. Mullin was made a member of the committee.

On motion by Mr. Delaney, the business agent was instructed to purchase supplies necessary for the schools for the coming school year.

Mr. Riley asked for a report from the business agent relative to the acquisition of pianos as voted at the last meeting. Mr. Williams stated that he had made out a requisition and forwarded it through the regular channels and had heard nothing further from it. The mayor then explained that he had had the requisition under consideration for a month. After further questioning he stated that "there was a point of law involved." Mr. Riley immediately requested what the point of law was and the mayor told him that he "would let him know Monday."

Mr. Delaney moved consideration of a previous resolution to purchase instruments for the high school orchestra. He said the Lowell school is poorly equipped in the matter of instruments for its orchestra and added that pupils have been forced to borrow instruments used. The matter was taken from the table and Mr. Delaney moved the passage of a vote, authorizing the business agent to spend not more than \$600 for the purchase of necessary instruments as designated by Headmaster Harris. The motion was carried unanimously.

Mr. Pearson moved the annual payment of \$500 by the school department to the Lowell High School Alumni association for use of Alumni field for baseball and football games in which the school teams participate. Mr. Harris spoke on the matter and in answer to a question as to admission charges, said it would be necessary to charge admission as usual. The original motion was amended to read in effect that the money be appropriated toward the support of high school athletic teams, said amount to be paid to the treasurer of the high school athletic association. In this form the motion prevailed, the first payment to be made in September.

Mr. Brum asked the mayor if a date has been set for a meeting of the special committee on rules. He said he believes there is need of redefining the rules in part, at least. Dr. Slaughter said she would like to have a meeting next week. Mr. Brum expressed the belief there has been unnecessary delay in calling a meeting of this committee. "Something is behind it—I do not know what," declared Mr. Brum. Because Mr. Riley was out of the com-

mittee room temporarily, action on the matter was delayed.

Mr. Delaney inquired into the schedule of summer school work on playgrounds and, during the discussion, said he did not look with favor upon the practice of allowing girls of about 12 years of age to play baseball with boys of like age.

Mr. Delaney and Dr. Slaughter both felt girls who are taking sewing and cooking should not be compelled to go outdoors and join in vigorous games such as baseball and volleyball.

William Thornton, supervisor of janitors, submitted to the board a certified civil service list for school janitors or matrons. The first three names were Mary C. Gallagher, Mary A. Marin and Marcella Donnelly, in that order.

On the first ballot for election, Mary A. Marin received the votes of Mr. Brum, Mr. Delaney, Mr. Mullin and Dr. Slaughter, and was elected. Mrs. Pearson, Mr. Riley and the mayor voted for Mary A. Gallagher.

The Bond to Trouble

New Bank Building Great Civic Improvement

New Home of Lowell Five Cent Savings Bank Typifies Modern Idea In Bank Construction

EXTERIOR VIEW OF NEW BANK BUILDING

The new home of The Lowell Five Cent Savings bank, at John and Lee streets, opened today for public inspection, well typifies the modern idea in bank building construction, more or less elaborate in design, but pos-

sessing such admirable qualities as roominess, cheerfulness produced by a great amount of natural light, and comfort for customers and employees alike.

At first glance the building gives an impression of stability, a splendor at-

obliged to labor through a winter of severe intensity and were handicapped by the presence of snow from December 11 until the middle of March. It was a trying three-month period, but the work proceeded according to

the business acumen of the bank's directing officers.

The Lowell Five Cent Savings bank was the third oldest and third in size of the city's seven savings depositories.

New Home Typifies Modern Idea in Bank Construction
Continued

The city's principal business district. The building lends to John street an air of prosperity that cannot fail to incite and promote desire for further changes and improvements and The Five Cent Savings bank officers may well take pardonable pride in their achievement.

To augment the many words of congratulation personally expressed by hundreds of visitors to the bank this afternoon, scores of letters and telegrams were received, each voicing in parallel sentiments the "best of luck" message. Beautiful clusters of flowers added color to the reception and President Austin K. Chadwick and his board of trustees did everything possible to add warmth to the welcome extended.

It is of interest to review at some length the history of this city institution which has grown up with the municipality has been a true friend to many and has carefully and zealously guarded the savings of thousands of the city's people since its incorporation in 1854, 60 years ago.

The original corporation was headed by Rev. Horatio Wood, minister-at-large, as president, and the bank began doing business over a counter at the old Present National bank, then situated at Market and Prescott streets. The Prescott bank later moved across the street and The Five Cent Savings bank continued to operate with it until early in the '70's when its growth demanded quarters of its own. The trustees looked around for a site and decided upon the lot at John and Merrimack streets. Buildings standing there were razed and the gray stone structure now being abandoned was built and occupied in the fall of 1874.

In this location the bank has lived and prospered for 49 years, although during the past decade or more, the banking rooms were considered inadequate for customers and employees alike. Fifteen years ago the directors thought of expansion, but were not able to obtain a satisfactory location until the John and Lee street corner was purchased. Building on that lot began to be torn down on August 9 of last year, excavation began in August, construction on Oct. 6 and today the finished product stands as a monument to the business acumen of the bank's directing officers.

The Lowell Five Cent Savings bank

was incorporated in 1850, and the City Institution for Savings, incorporated in 1857, rank it in length of life. The incorporation of The Five Cent Savings bank in 1854 was followed by the Mechanics bank in 1851, the Merrimack River and Central in 1851, and the Washington Savings Institution in 1852.

Since its incorporation The Lowell Five Cent Savings bank has had only five presidents as follows: Rev. Horatio Wood, 1854-1884; Hon. Sewall G. Mack, 1885-1893; William S. Southworth, 1894-1911, and Austin K. Chadwick, the president who took office in 1912 on the death of Mr. Faulkner. Previous to that time, or from 1891, Mr. Chadwick had served the bank as treasurer.

Although the institution has had five presidents, only three treasurers have served since incorporation. Artemus S. Tyler, the first treasurer, held the position for 10 years, or from 1854 to 1864. He was succeeded by Mr. Chadwick who was elected to the presidency in 1912, at which time, Charles A. Richardson, the present treasurer, took office.

The board of trustees of the bank has been wisely selected and at present embraces the following widely known citizens: Samuel H. Thompson, Cyrus W. Russell, Jude C. Wadleigh, C. Arthur Abbott, Charles E. Bartlett, Arthur T. Safford, Franklin Nourse, George S. Motley, Joseph A. Legare, Henry H. Wilder, Allen D. Parker, Thomas T. Clark, Arthur C. Spalding, Winslow B. Clark, Chester M. Runels and Austin K. Chadwick.

In 1920 the bank trustees created the positions of assistant treasurer and elected to the office, Edward F. Lamson. The present teller is Charles A. Richardson and the clerical staff includes Robert E. Oates, Miss Effie M. Knapp, Miss Claude H. Smith, Miss Virginia Legare and Miss Ila H. Connell.

CROWLEY & McPARLAND DID PLASTER WORK

Crowley & McParland of Boston had charge of the plastering, both in the bank proper and in the upper story which are devoted to business. This firm has done a large amount of work in Boston and New England and while this was their first job in Lowell, from the excellence of their work they will no doubt be secured by many future builders.

C. H. CRONAN IN CHARGE OF PLUMBING

C. H. Cronan of 81 Charles street Boston, was entrusted with oversight of the plumbing in the new Five Cent bank building. It is a firm eminent in capable of handling large contracts of this nature and the quality of the plumbing is of the sort that commands itself. This job serves to enhance their reputation in Lowell.

MARDEN & MURPHY SOLD SITE OF NEW BUILDING

The firm of Marden & Murphy of this city handled the transaction which has transformed the old and historic buildings of the John P. Crowley estate into the splendid savings bank institution home in John street. This firm worked out the details of the project with the bank's officers and incidentally produced the customer to take the old banking building off the hands of the savings bank, the two transfers being part of the whole plan as worked out.

The result of this bit of work has added one more to the lengthening list of business and industrial property transfers handled by this enterprising firm and which are turning important parcels of commercial property into modern condition by reconstruction. It is one of the basic plans of the firm to work out real estate transfers that will be made into real civic developments. A number of genuine monuments of this nature are taking shape in the city now which point to the resourcefulness and enterprise of this firm whose business title covers far more than ordinary real estate operations. The firm calls its members "commercial specialists," and deals like these bank transfers show what the term means.

HIXON ELECTRIC CO. DID ELECTRIC WORK
The electrical work on the Five Cent bank was done by the Hixon Electric Co. of Boston. This firm specializes in large construction and are noted for the work done on banks and educational buildings. It is with pride that Mr. Hixon points to the work done on the bank building as most of it was done during the past winter which was one of the worst in which to work, but his company kept up to every demand of the general contractor.

INTERIOR FINISH FROM HOUSING CO.

The Housing Co., with offices in all principal cities and factory at Waverly, Mass., finished all the interior finish of the new Five Cent Bank under the direction of the general contractor, Mr. Coulon.

This company made daily deliveries by motor truck from their factory to John street. This system enabled the contractor to have the material for finish on hand in the right amount, and also kept the delicate woods used from being exposed to the weather during the past winter.

BRITISH PREMIER TO LIFT VEIL OF SECRECY IN COMMONS TOMORROW

Baldwin to Give Full Explanation of Negotiations With Allies—Government Convinced Nothing Can Be Gained By Further Negotiations—May Seek Immediate Separate Settlement With Germany

LONDON, Aug. 1.—(By the Associated Press) The recent expectation that Prime Minister Baldwin's statement in the house of commons Thursday, with respect to the negotiations with the allies would hardly be very informative has now yielded to a belief that the premier will explain fully, withdrawing the veil of diplomacy secrecy which hitherto has kept everyone guessing.

The government is credited with the hope that it will be possible to publish before Thursday the whole correspondence between Britain and her allies since June, and the documents are so numerous and so lengthy that it is now feared the time will not suffice for their arrangement, printing and circulation in parliament.

If this cannot be done, Mr. Baldwin, according to well informed political

writers, will take parliament and the public into confidence and will give a verbal outline of what the printed correspondence would disclose. This reported decision is taken to indicate that the government is convinced nothing can be gained by further negotiations and that it must now take a fresh course. What that course is to be, it is said, will be considered at two or three cabinet meetings today and tomorrow. The present supposition is that the government will decide to seek an immediate separate settlement with Germany.

Opinions differ as to whether Italy would associate herself with Great Britain in such a move or whether she would act independently. But in either case, the prevalent view here is that the Italian attitude in the main is identical with the British.

Methuen Officer Shot
Continued

was brought in and after glancing along the line, shook his head in the negative.

"The faces of the three men in the auto are fixed definitely in my mind," he said. "And I could tell them anywhere. They are not here."

The man held here gave his name as Paul F. Butler, but he is also known as Stalas Sarantakes and Fred Barrett, and has been employed in this city as an auto mechanic. He was taken into custody about 4:30 o'clock this morning, by Officer Fred G. Thompson of the state constabulary in Tewksbury, and booked on charges of operating an auto without a license and also with carrying a revolver without a permit.

When the case was called in district court this morning, before Judge Enright, Capt. David Patric of the police department, informed the court of the facts of the murder of the Methuen policeman early this morning, and said that Capt. Prosecutor of the state police had requested that Butler be held without bail until tomorrow morning, to give the Methuen authorities time to come to Lowell and talk with the man.

Judge Enright said that he was powerless to hold the defendant without bail, but because of the circumstances he fixed bail at \$25,000.

Young Girls Clear Away Pimples With Cuticura

Gently smear the pimples with Cuticura Ointment on the end of the finger. Wash off the Cuticura Ointment in five minutes with Cuticura lotion and hot water and continue bathing for some minutes. This treatment is best on rising and retiring.

CUTICURA OINTMENT
Samples Free by Mail Address, "Cuticura Laboratories, Dept. M, Boston 44, Mass." Sold every where. Cuticura Soap Leaves without soap.

WEEKLY PAYROLL APPROVED

The budget and audit commission met in the office of the city auditor this morning and approved the weekly payroll amounting to \$42,520.14, a decrease of about \$1500 from last week's total.

SEN. GERRY RETURNS

NEW YORK, Aug. 1.—Senator Gerry of Rhode Island today returned from abroad on the Atlantic.

FASHIONABLE FURS

Caracal is a very popular fur for coats, particularly when it is trimmed with collars and cuffs of skunk, natural squirrel, lynx, fitch, badger or mink.

RUFFLED FROCKS

Many of the newest ruffled frocks obtain something of the Indo-China silhouette by bringing the ruffles to the waist line in front and holding them with an ornament.

Not Expensive Furniture

EVERY woman, when she is entertaining, is keenly conscious of the impression her home is making on her guests. She likes to feel that her home is furnished correctly and in good taste.

Expensive interior decoration is not necessary in achieving a well furnished home; the secret lies in selecting the proper designs in furniture—and here our experience is at your service.

6300 CARMEN STRIKE IN N. J.

147 Municipalities Without Trolley Service Following Walkout at Midnight

Strikers Demand 30 P. C. Increase, Six-Day Week and Better Conditions

NEWARK, N. J., Aug. 1.—One hundred and forty-seven municipalities in Hudson, Essex, Bergen, Camden, Passaic and Union counties today were without trolley service following the walkout of 6300 platform and shopmen of the Public Service Railway Co. at midnight last night. The men struck to enforce demands for a 30 per cent increase in wages, a six-day week and better working conditions.

Workers from East Orange, Belleville, Nutley and other towns who poured into the city early today, were taken to various parts of the city in buses mobilized last night by Superintendent of Transportation Crawford. Thousands were delayed because there were not enough vehicles to move them.

The men struck quietly at midnight, running the cars into the barns and leaving them there, after all hope of an eleventh hour settlement at a conference between company and union representatives. The company offered a five per cent increase but the men held out for 30 per cent.

FEATHER COATS

Three-quarter length coats of baby feathers with collars and cuffs of raccoon are a type of fur coat that appeal to the college girl.

CAVALIER HAT

The cavalier type of hat has turned up directly in rout and secured with a fancy pin is seen in the smartest millinery exhibits.

NEW JACQUETTES

Chiffon velvet, satin and the most suitable wools are made into smart jacquettes to be worn with puffed skirts. Frequently the jacquette is covered with beading or embroidery.

OLD SOL'S WITH US AGAIN

The sun came out shortly after noon today for the first time since Monday, when it appeared only briefly. Except for that hasty bow and the equally rapid departure, Lowell has been sunless since last Friday. Better things are promised for the balance of the week.

FANCY BELTS

Belts of black and white kid show interesting arrangements of dots, stripes and checks. Though most of them are narrow, many wider ones are creeping into the collection.

PLAINEL SHIRTS

To wear with the popular knickerbockers are very smart shirts of French flannel in solid color or with a very fine pin stripe.

TWO OF FAMILY DIE IN FIRE

Mother and Daughter Burned to Death in Hagerstown, Maryland

Four Others in Tenement House Seriously Injured—Oil Can Exploded

HAGERSTOWN, Md., August 1.—Two persons were burned to death and four seriously injured in a fire which swept a tenement house, known as the Old Almshouse property, in North Locust street, this city, today. The dead:

MRS. JOHN H. CARNAUGH, 55. GERALDINE CARNAUGH, 19. The injured are Mrs. Pearl Carbaugh Jacobs, 38; Catherine Jacobs, 11; Keller Carbaugh, 23 and John H. Carbaugh, 57.

The fire was caused by an oil can in the hands of Geraldine Carbaugh exploding as she was starting the fire in the kitchen stove.

Keller Carbaugh was badly burned in attempting to rescue his mother, who was an invalid. Mrs. Jacobs suffered burns and Mrs. Jacobs had her hip broken when she jumped from the third floor with her father John H. Carbaugh is in a critical condition from burns.

DR. DUGDALE'S OFFICE

Well Known N. E. Medical Specialist Has Suite in New Bank Building

Dr. Frederick Dugdale, the widely known New England specialist, has already assumed the occupancy of a splendidly appointed suite of offices in the new Five Cent bank building. Dr. Dugdale has been located hitherto at 37 Central street, where he developed an extensive local practice. Offices are maintained by him in Lynn, Haverhill and Boston. Altogether, he is a very busy man. His methods are somewhat different from those of many physicians and surgeons. They are

"Hundreds of sufferers in practically every country in the world have been successfully treated by his methods. Before entering private practice in this city, Dr. Dugdale was for two years resident surgeon in the Lowell Emergency Hospital. He then opened offices at 37 Central street where he has practiced his profession for the

past 15 years, during which time he has opened offices in other cities. Dr. Dugdale has practiced in Lynn since 1907, in Haverhill since 1908, in Lawrence since 1914 and in Boston since 1915. It is necessary for him to divide his time between these cities. His schedule is outlined in an advertisement appearing in this section.

"Dr. Dugdale has taken post-graduate courses in many of the leading hospitals in the country, and he is connected in an official capacity with many medical associations and he is at present serving his second year as

proficient of the Allied Medical Association of America, whose platform is the thorough scientific investigation of all methods of treatment."

"Dr. Dugdale's absolute belief in the above platform that in his opinion, accounts for the successful results daily obtained in his practice."

"Dr. Dugdale is prepared to welcome old patients and new in his new office which are splendidly equipped to meet the needs of his large practice."

Miss Florence Milner of New York will be his associate, assisted by Mrs. Seineor.

Requests to Increase Professors' Salaries

PROVIDENCE, R. I., Aug. 1.—Comptroller E. A. Burlingame of Brown university announced today the receipt of \$26,400 under the will of the late Mrs. Florence A. Stowell, the income of which is to be used "for increasing the salary or salaries of any one or more of the professors, assistant professors or instructors" in Brown. Mrs. Stowell was the widow of Theodore B. Stowell of this city. The payment today is under a clause of her will which directs that after the payment of certain bequests one-half of the remainder of the estate should be given to Brown university with the condition that "if the bequest equals or exceeds the sum of \$10,000" it should be held "as a permanent fund to be known as the Theodore B. Stowell Fund."

Shoe Strikes in Haverhill and Boston

HAVERHILL, Aug. 1.—The Shoe Workers' Protective Union this morning called strikes in the cut sole factories in the Haverhill and Boston district because of failure of the manufacturers to sign union agreements calling for wage increases ranging from five to 15 per cent. Ten plants in the Haverhill industry employing 300 operatives and 21 in the Boston industry employing 350 are affected by the strike. Strike in the local counter industry today was averted by an eleventh hour agreement with the manufacturers on their new agreements. A wage increase of 12½ per cent. was granted the counter workers, numbering 600, by the manufacturers.

Farm Bloc to Resume Activities in Senate

TOPEKA, Kas., Aug. 1.—(By the Associated Press)—Resumption of the activities of the farm bloc in the United States senate upon the opening of a new session of congress next December, is predicted by Senator Arthur Capper of Kansas, chairman of the senate bloc, during the latter part of last session. "Our legislative program probably will not be as extensive as it was at the last session, but still we believe congress should enact certain measures with a view to aiding agriculture," said Senator Capper.

Demands Senator Name Accused Officials

MADISON, Wis., Aug. 1.—Governor Blaine, in a telegram today to Senator R. J. Sawyer, demanded that the senator name state officials charged by him in a speech last night at Waupaca, with assaulting girls in locked Capitol offices. The executive declared that he would remove promptly any official named by Senator Sawyer, if his charge is proved.

England Wins First Round in Yacht Races

RYDE, Isle of Wight, Aug. 1.—(By the Associated Press)—England won the first round today in the third annual contest of six meter yachts for the British-America cup. The English yachts scored 23 points to the American's 13.

Canada on Lookout For Escaped Convicts

OTTAWA, Aug. 1.—Instructions were issued today by the immigration department to inspectors at ports of entry to watch for two convicts who were reported to have entered Canada as servants of Gov. Donaghy of Ohio and Warden Thomas of the Ohio penitentiary. No person with a criminal record is eligible for entry to Canada, officials said.

Gov. Davis Would Accept Nomination

CHICAGO, Aug. 1.—Without actually casting his hat into the ring, Governor Jonathan M. Davis, whose home state, Kansas, is booming him for the democratic presidential nomination let it be known in a statement issued here today that he would by no means refuse such an honor. Kansas democrats he said have made him their first choice and he is in their hands.

Wants to See Grand Jury's Minutes

NEW YORK, Aug. 1.—Former Governor Charles S. Whitman, counsel for William H. Anderson, superintendent of the Anti-Saloon league of New York, today asked Judge McEntyre in general sessions for permission to inspect the minutes of the grand jury which recently indicted his client on five counts charging grand larceny, extortion and forgery. The court reserved decision.

231 Killed by Autos in N. Y. Last Month

NEW YORK, Aug. 1.—The National Highway Protective Society reported today that 231 persons were killed in this state during July in automobile accidents. Nineteen of the deaths occurred at railroad crossings. Fatalities during the same month last year totalled 209.

FORD SAYS HE IS NOT HUSSAMS IS RELEASED**A CANDIDATE**

NEW YORK, Aug. 1.—Henry Ford, in an interview appearing in Collier's this week, declares he is not a candidate for the presidency today, but that he can't say what he will do tomorrow.

"Now, if I wanted to play politics, I would say exactly what I am going to say, anyway," the manufacturer was quoted as asserting. "But I am not playing politics. I am not a candidate for anything. I can't imagine myself today accepting any nomination."

"Of course, I can't say, what I will do tomorrow. There might be a war, or some crisis of the sort in which legalism and constitution and all that

Victor LaPolice was found guilty of operating an automobile while under the influence of liquor and a fine of \$100 was imposed. A drunkenness complaint was filed.

Philip Gallardiz was given a suspended sentence of five months in the house of correction on a non-support charge.

Louis Berger, charged with operating an auto in such a manner as to endanger lives, had his case continued for one week.

Frederick S. Weldgrube, who was brought in on a capias because he failed to keep his agreement to pay a fine imposed last week, was given an extension until next Friday to pay.

William Daniels, before the court for the third time, was fined \$10, as was also James F. Walsh. Daniel O'Keefe, charged with drunkenness, had his case continued for a week.

and along the Boston road where they stopped for lunch. They then proceeded towards Woburn, got on a detour road, and later turned back towards Billerica.

Miss Waterman said that Miss Whitty was on the front seat with the driver and that the latter tried several times to force his attentions on her. Miss Whitty jumped from the car as they were coming back towards Woburn park, and shortly after she stopped and the young men told Miss Waterman she had better get out.

Miss Waterman then said she walked back to the corner of Allen and Boston roads and there took a bus for Woburn.

In explaining why she did not report the matter, Miss Waterman said she was too excited, and did not even tell her mother when she arrived home. Neither she nor Miss Whitty know the names of the men in the machine, but she said they referred to each other as "Maurice" and "Nap."

It was stated at St. John's hospital this afternoon that Miss Whitty was resting comfortably.

Chief Henry D. Livingston of the Billerica police yesterday afternoon questioned Miss Edna Waterman of Boston, who was with Ruth Whitty when the latter jumped from an auto Sunday night and received injuries which necessitated her removal to St. John's hospital.

Miss Waterman said that she and Miss Whitty and four other girls had occupied a "fourteen" cottage at Nutting's lake over the weekend, and she and Miss Whitty were leaving for home Sunday night. While waiting for a car on Turnpike road, two young men drove along in an auto, either a Hudson or Buick, she said, and offered to give them a lift.

They drove through Billerica Center

and then the car stalled.

They proposed and negotiated the sale of the Curley property in John street to the Lowell Five Cents Savings Bank, from which has come the new and splendid bank building to be dedicated today.

They proposed and negotiated the sale of the old bank building at the corner of John and Merrimack streets to Cherry & Webb, with the result that old structures are coming down and a new and imposing store building will soon be built.

They proposed and negotiated the lease of the unfinished hotel in Middle street to Moller's Furniture Company, with the result that a wreck of a building became one of the finest business structures in Lowell.

They proposed and negotiated the sale of the Bigelow-Hartford mills that had been

vacant for years, with the result that several new and important manufacturing concerns have turned the idle mill property into a hive of industry.

They proposed and negotiated the recent sale of the Massachusetts Cotton Mills' storehouse to the Courier-Citizen, with the result that a distinct and visible improvement is coming.

THE MAIN BUSINESS OFFICE IN NEW BANK

BYAM BROTHERS' OFFICE IN NEW BUILDING

Byam Bros., one of Lowell's most progressive real estate and insurance firms, has made another forward step by taking splendid offices in the new Five Cent Savings Bank building in John street. This concern has forged to the very forefront in real estate circles. Its slogan, "A square deal to all," is widely known throughout the city and its environs, and a tremendous amount of real estate is transferred annually through its offices.

PATRICK COGGER DID EXCAVATING

Patrick Cogger, one of the leading trucking and gravel men in New England, was the man in charge of excavating the cellar for the new Five Cent bank. He also supplied all the sand and gravel for the construction of the

quarters in the newest of Lowell's business buildings. They will therefore, greet their friends in the future at the imposing John street structure.

Byam Bros. have made tremendous strides of late in the insurance field.

This phase of the business is handled by Arnold A. Byam, and it is developing favorably under his management.

The real estate end is under the direction of Ray Byam. A host of friends will wish them well in the acquisition of new and commodious quarters.

Hundreds Attend Opening Of New Bank Continued

While the bank job was a large contract it was in keeping with Mr. Cogger's reputation in the building trade as he just recently completed two jobs for the Sac-Lowell Co. on Sutton and Worcester streets, two for the Bradley brothers on their new construction on Middlesex and Jackson streets.

Any one frequenting the territory where there's new building going on will see Cogger's big steam shovel and trucks at work, and will appreciate why the Cogger firm secures big jobs.

The entire ground floor will be occupied as banking rooms, storage vaults and locker rooms are in the basement and on the second floor are 16 splendid offices, all of which are rented.

The exterior construction is of limestone, granite and water-struck brick.

It has a length of 102 feet and a width of nearly 70 feet. On either side of the front entrance are beautifully designed bronze lanterns to be electrically illuminated.

The main banking space principally is finished in imported Chiampo marble, quarried in Italy, and mahogany.

The walls are softly tinted and mahogany also constitutes the door and window trimmings. Banking counters are on three sides of the main lobby,

which in itself is spacious enough to care for the bank's needs for many years to come. The grill work is of ornamental wrought iron and there

are 16 wicket doors for the transaction of business. From the ceiling hang elaborate brassed lighting fixtures, each holding a cluster of incandescents. The

ceiling is slightly arched, having a maximum height from the floor of 17 feet.

The main banking room is divided

into three bays, so-called, by lines of columns faced with marble. The ceiling panels are decorated with ornamental mouldings.

The office of the president is located just to the left of the main entrance, panelled in oak. Adjoining it is a space for officers, separated from the lobby by a low rail and gate of wrought iron. A room for women and a conference room are situated on the opposite side of the lobby to the right of the entrance.

In the rear of the banking room are located two huge all-steel vault safes, especially designed and con-

structed for the bank and embracing every known modern safety and protective device. The vault walls are of reinforced concrete. The walls, doors and locks are electrically wired and alarm buttons are installed at other convenient points to provide additional protection. The safes are the design of Benjamin Tripp of Boston, safe engineer, and were built by the York Safe and Lock Co. of York, Pa.

A special room for bookkeeping is at the left of the vaults and the trustees' room is on the opposite side in the rear. The builder was William Coulson

of Cambridge and the architects were Hutchins & French of Boston. Mr. Hutchins has spent many hours on the job in a supervisory capacity and during the past ten days has been in Lowell almost continuously.

The site on which the building stands formerly was occupied by a four-story brick structure, whose demolition was begun on August 9, 1923. Excavation began in September and on October 6 most of the foundation walls were in. From then on, despite the hardships of winter, the work progressed smoothly and rapidly.

TRAIN DERAILLED IN NORTHBIDGE

Providence-Worcester Passenger Train Wrecked—Two Passengers Injured

Engine and Three Coaches Left Track—Early Reports Said Many Badly Hurt

WORCESTER, Aug. 1.—The 7:15 a.m. standard time passenger train from New Haven railroad from Providence to Worcester was derailed shortly after 9 o'clock this morning, near the Riverdale crossing in Northbridge, and although the locomotive and three passenger coaches left the track and bumped over the ties, for a long distance, the 50 passengers and train crew escaped serious injury.

The only passengers whose injuries required hospital treatment were Dr. and Mrs. David Detrick of Springfield. Dr. Detrick suffered an injury to his left knee and Mrs. Detrick suffered a nervous shock when they were thrown from their seats. They were taken to the Whitingville hospital but are not in a serious condition.

The train was in charge of Conductor George Wiley of Providence and Engineer Burton E. Dunn of Fall River and they said they could not give any reason for the derailment. Engineer Dunn says the train was running along smoothly and the first thing he knew he was being jolted around in the cab as the engine jolted over the ties. None of the cars was overtaken.

First stories of the accident gave several passengers badly hurt and doctors and ambulances were summoned from Whitingville, Northbridge Center, and Uxbridge, but they had little to do as most of the passengers on the train escaped with only a shaking up.

AMERICANS HONORED BY NICARAGUA

NICARAGUA, Nicaragua, Aug. 1.—Seventy-five persons from the United States transport Chaumont came to this city yesterday where the party of American congressmen and naval officers were entertained by the Nicaraguan government. A presidential reception attended by 800 guests was held in the evening in honor of the visitors. Before the Chaumont sailed for San Pedro, Cal., Major General Neville inspected the marine detachment here.

Chinese Dictator Orders Land Taken

HARBIN, China, Aug. 1.—(By the Associated Press)—Gen. Chang Tso Lin, dictator of the three Manchurian provinces, has ordered the Chinese authorities to abolish the land department of the Chinese eastern railway and to take over all lands ceded Russia under old treaties. These measures became effective today.

COOLIDGE REJOICES AT HARDING'S RECOVERY

CRUZE TAKES A SLAP AT POPULAR CONCEPTION OF HOLLYWOOD

PLYMOUTH, Vt., Aug. 1.—When word of the continued improvement in the condition of President Harding was conveyed to Vice-President Coolidge here today, he said: "I am rejoiced that my opinion and my confidence that the president would have sufficient strength to make a speedy re-

CALVIN COOLIDGE

HOPE DROWN. UNSCHOOLED "STAR" IN "HOLLYWOOD"

PATROLMAN FINDS BODY OF FATHER IN WOODS

NEWARK, N. J., Aug. 1.—Ordered into Branch Brook park to investigate a reported suicide, Patrolman John Crann today found the body of his father, Thomas F. Crann, a reserve member of the force, slumped over a park bench, with a bullet through his head and his old service pistol in the grass beside him. The elder Crann had been in ill health since he was stabbed seven times in a battle with rioting strikers 12 years ago.

The high peak of pure humor was reached in "One Glorious Day." No other picture before or since has been so well presented in the native terms of the cinema.

Then Cruze directed "The Covered Wagon," an epic of American history. It is equalled in spectacular effect only by "The Birth of a Nation."

Now this very versatile Cruze has turned out "Hollywood," something

BY JAMES W. DEAN
NEW YORK, August 1.—No motion picture director has made as great an artistic advance in the past two years as James Cruze. For a time his talents were devoted entirely to whimsical humorous bits. He was achieving on the screen what Mark Twain had achieved in letters.

Cruze sticks his satirical barb into the small-town movie palace. Then he turns it upon the movies themselves and takes a slap at censorship. In the early sequence of the film all the characters appear in caricature.

The girl weds to Hollywood and Cruze turns to a good-natured joshing of the movie heroes and heroines. He presents studio people as

in a different strain than he has done before and something distinctive from other pictures.

"Hollywood" is the story of a girl who thought she ought to be in the movies because she was the leading electioneer of the old home town. Everyone used to say to her, "Angela, you ought to be in the movies," and to each of them she would answer, "I know it."

Cruze sticks his satirical barb into the small-town movie palace. Then he turns it upon the movies themselves and takes a slap at censorship. In the early sequence of the film all the characters appear in caricature.

Two Women Stabbed 555 Passengers from Child Labor in U. S.

17 NATIONS LAND IS INCREASING

Police Seek Man Wanted in Connection With Slabbing Affray in Graniteville

BOSTON, Aug. 1.—Carrying 555 passengers from 17 nations the steamer Finland of the American Line from Hamburg and Cherbourg, landed the first immigrants admissible under the August quotas at Boston today. The liner brought 144 Russians and 180 Germans. The bulk of the remainder were from Poland, Rumania, Czechoslovakia and other Central European and Near Eastern countries. Four members of the American relief administration who had been on duty in Russia for two years also arrived on the Finland.

The relief administration unit consisted of Dr. John T. Coffey of Salt Lake City, George P. Harrington of Boston, Donald E. Hardy of Boston and Edward Fox of Pittsfield, Pa., said that conditions in Russia were greatly improved and that for the first time in years that nation has a surplus of grain. They supervised the feeding of 300,000 children and rendered services to 1,000 hospitals and dispensaries in the famine stricken districts of the Ukraine and Crimea.

CHICAGO, August 1.—Child labor in the United States is increasing, judging by late reports received by the United States children's bureau. Grace Abbott, chief of the bureau, declared in an address before the American Home Economics association here last night. She urged the passage of an amendment to the constitution giving congress the power to prohibit and regulate labor, a power which, according to the supreme court decisions, she said, Congress apparently does not now possess.

More than 10 million children between the ages of 10 and 16 were employed in January, 1920, she said, of which one-third were 10 to 13 years old. Owing to industrial depression in 1921, the number diminished, but since then, Miss Abbott declared, reports received by the bureau from 20 cities out of 51 reporting indicated increases. Five cities reported 100 per cent increases.

In the first quarter of 1922 in Baltimore, Bridgeport, Detroit, Hartford, Indianapolis, Jersey City, Manchester, N. H., New Britain, Newark, New Haven, New York, Paterson, St. Louis and Waterbury the percentage of increase over 1922 was given as 24 by Miss Abbott. June of the present year saw sensational increases in child labor, especially in Connecticut where, in Waterbury, 500 per cent more were given work permits than in June 1922, and a general increase of 57 per cent was reported to the children's bureau.

COL. GOODALE HEADS R. O. T. C.

BOSTON, Aug. 1.—Col. George S. Goodale, formerly commander of the 29th Infantry at Camp Devens, has been placed in charge of the Reserve Officers Training Corps in New England, according to an announcement.

Colonel Goodale, who is in command of the corps in Boston, will supersede R. O. T. C. units in the colleges and universities of New England.

SIMMELT CARRY-OVER OF COTTON ON RECORD

NEW ORLEANS, Aug. 1.—The smallest carry-over of cotton into new cotton year since the south became an important producer of the staple, was announced in the annual report of Aug. 1, issued today by the New Orleans cotton exchange through its secretary, H. G. Hester. The world's carry-over of American cotton was placed at 2,573,000 bales, against 4,879,000 a year ago, the report added. Consumption of American cotton during the year ending yesterday was placed at 19,631,000 bales against 12,529,000 during the preceding year.

Parley on Turco-American Treaty

LAUSANNE, Aug. 1.—(By the Associated Press)—Turco-American treaty which the American and Turkish representatives here have been engaged in framing is likely to require further negotiations. Ishmet Pashu received a telegram from Angora today asking for explanation and clarification of the provisional clause inserted in the treaty concerning American claims which was one of the most contentious points in the discussion. Ishmet sent the explanations requested, but one of the Turkish spokesmen said this afternoon some slight changes might be necessary to satisfy the Angora assembly. There are indications also that the American representatives may ask further discussion of several points.

Exhausted After Four-Mile Swim for Aid

MARION, Aug. 1.—After clinging to a capsized canoe for more than an hour, overturned a mile and a half from shore in Buzzard's Bay, just off Bird Island light, Paul Upton, chauffeur from Brockton, relinquished his hold on the craft to swim back to land in order to obtain aid for his companion, James Oliver, also of Brockton, who was unable to swim. Upton reached shore in an exhausted condition, having taken four hours to complete the journey. Oliver was rescued when Lawrence Maxfield of New Bedford, out in his motor boat, heard his cries for help and took the exhausted man aboard.

France Wins Finals in Cup Contest

DEAUVILLE, France, Aug. 1.—(By the Associated Press)—France today won the finals in the European section of the Davis cup contest from Spain, and the French team will cross the Atlantic to compete in the final round in the United States next month with the winner of the American zone competition. With the score in matches standing at two all as the result of the previous play, France took the deciding match today when Francois Blanqui won from Eduardo Paquier in the final singles tournament, 6-1, 6-2, 3-6, 6-1.

Further Reductions in Price of Sugar

NEW YORK, Aug. 1.—All refiners here today announced further reductions in the price of fine granulated sugar, one cutting as low as 7.90. Other prices ranged up to 8.10. This represented a decline of two cents from the high price of the year, reached last April.

Government Loses in Alcohol Case

ST. LOUIS, Aug. 1.—The government cannot declare forfeited bonds of industrial alcohol users for misuse of alcohol permits, the United States circuit court of appeals held today in sustaining the district court of North Dakota in finding for the defendant in the case of the government against John Wandmacher.

Ruling Causes Excitement

Continued

state of war does not exist and that the government has no authority to deny its citizens the privilege of a writ of habeas corpus.

The court made a writ of habeas corpus sought by Mrs. O'Brien's attorney, returnable tomorrow. She has been in prison for some time. Despite this decision it is regarded as unlikely that there will be any general release of prisoners as the government, anticipating the court's decision, has passed through almost all the stages in the ball and senate a bill locally authorizing it to continue imprisonments and other repressive measures for three months.

It is believed that this bill will receive the assent of the governor-general by the end of the week.

The decision that the war is over affects several other extra legal activities of the administration which up to this time has been pursued on the basis of military necessity.

The republicans talk of organizing a plebiscite on the bill under provision of the constitution.

International problems of the Pacific, the law of the air and the Near East were discussed at three other round table conferences.

FIRE HYDRANTS SMASHED BY AUTOMOBILISTS

Two fire hydrants have been broken by unknown automobilists within the past few days, the second smash occurring at 2 o'clock this morning in Hall street. A hasty call was sent to Supt. Robert Gardner of the water works, who had a gang of men on the job before sunrise. A day or so ago the hydrant at Fletcher and Adams streets was broken. The department has no clue as to the nature of either accident, other than to assume each was the result of a collision.

BRIEF BUT IMPORTANT WIRE DESPATCHES

HAVANA, Cuba, August 1.—The First National bank of Boston opened its Havana branch today. The location of the new institution is on Obispo and Arriar streets, in the heart of the business district. Its resources of \$245,725,014.04 are advertised in the opening newspaper announcement.

Great Britain decides to act alone, full publication of all the recent negotiations may be expected immediately.

HOW TO KEEP FIT AT 72

Sprightly Old Man Reveals the Secret

"I am 72 years old, and much more vigorous and active than most men of my age. I know that my excellent condition is due to the fact that I take two or three doses of Wincarnis every day, because I never feel as well before I begin taking it. I used to tire very quickly and suffer from weariness and had to bundle myself up whenever it was damp or drafty. But since I began taking Wincarnis I have had the energy and endurance of a middle-aged man, sleep soundly and withstand the severest of weather. I have noticed that Wincarnis keeps my appetite keen and that it strengthens my nerves and heart. If my fingers tremble and my heart flutters or I feel symptoms of depression or weakness, a dose of Wincarnis gives me relief within a few minutes."

STOCK MARKET

CORCORAN IN BOSTON HEARING ON PULLMAN SUR-CHARGES

Arrives to Answer to Indictment Charging Blackmail and Larceny

BOSTON, Aug. 1.—William J. Corcoran, former district attorney of Middlesex county, arrived here today to answer to an indictment charging blackmail and larceny. He came from New York in custody of Assistant Attorney General Albert Burwitz and Police Inspector John H. Mitchell, having waived extradition formalities. Corcoran was to appear in court today, according to the plans of District Attorney O'Brien.

Prior to his arraignment in court the prisoner was taken to the office of Attorney General Jay T. Benton. In addition to the attorney general, there were present District Attorney O'Brien, Assistant Attorney General Albert Burwitz and Police Inspector Mitchell.

The conference which was devoted entirely to the question of admitting Corcoran to bail, was in session several hours without reaching a conclusion and at noon adjourned until 3 o'clock. Corcoran pleaded that his wife and four small children who are at Hempstead, L. I., would suffer if he were kept from them, and he asked that he be allowed to go free on his promise that he would return to trial in September.

District Attorney O'Brien opposed the plan basing his attitude partly on the fact that Corcoran defaulted his original bail of \$10,000.

On account of the delay due to this discussion it was expected that the arraignment of Corcoran would be postponed until tomorrow.

(Commissioner Campbell, replying to this statement, said that while he had no intention to exclude the testimony, he still thought that if these expenses referred to in the testimony and cross-examination were covered by the contract, "they did not have any bearing on the public."

Agitation for a waiting room for the patrons of the street cars in the square has been renewed recently owing to the fact that the Depot track market, located in the Grosvenor block, has been discontinued and the stores is vacant.

This store, located on the corner of Paige and Bridge streets, has often been mentioned as the ideal location for a waiting room, but is under lease to the Bogdonoff brothers.

There has been, since the opening of the Paige street loop, considerable fault found by the people who take the Christian Hill, Lawrence, Lakeview and Hovey square cars about having to wait on Paige street near the comfort station and they are exceptionally anxious that a waiting room be provided.

Manager McCormick of the street railway company was out of town today but it is understood that the company is watching developments in the square closely and that they will not let an opportunity slip to provide a suitable waiting room for their patrons.

YOUTH TOO WEAK FOR TRIP DOWN MOUNTAIN

TIROGENUS DAM, Me., Aug. 1.—Too exhausted to make the trip down the mountainside, Gaston Dallendoch of Lucerne, Switzerland who with Alfred W. Merlin, Jr. of New York city, was found yesterday noon at the very peak of Mt. Katahdin which they were attempting to climb when they became lost a week ago, was under the care of physicians today at the spot where he was found, while his companion was staying up at the warden's camp in Abol Slide.

It was expected that Dallendoch would be strong enough Thursday to make the descent of the mountain and reach Vicks camp on Dacier pond and both continue on to the Soudan hump road, from which point they may reach here by automobile.

HOLD OUTING AT REVERE GRANTS BIG CONCESSION

Annual Outing of Hub Ho-
siery Mills Today at Revere
Beach

The annual outing of the Hub Ho-
siery Mills is being held today at Revere
beach. About 150 employees of the
company gathered on Peleg street at 8 o'clock and, despite the fact that
showers seemed imminent, decided to
carry on with their plans and board
the electric cars for the beach.

Upon arrival at the beach a program
of sports was run off under the super-
vision of the sports committee and suitable
prizes were awarded the winners in each race.

At noon the party enjoyed a ban-
quet at the Hotel Pleasanton. Several
members of the party gave short ad-

SUPT. EMIL TRUDEL

dresses following dinner and others
provided an entertaining program of
music.

In the early afternoon the sports
program was completed and then the
members of the party started out to
enjoy the attractions for which the
beach is famous. The roller coasters,
derby races, whip, merry-go-around,
rocky-mountain ride, and others all
came in for a fair share of the partic-
ipation.

Following a light luncheon at sup-
per time, dancing was enjoyed at the
Nautical Gardens until late in the eve-
ning.

The committee in charge of the af-
fair consisted of the following: Supt.
Emil Trudel, president; Dan Ayotte,
vice-president; Eugene Douville, sec-
retary and treasurer; committee on
sports, Alice Traversy, Anna Wayda,
Regina Bourgeault, Rose Patenaude,
Corinne Coulombe, Peter Bisson, Trebie
Bordreau, and Leo Roy.

TO SWIM LAKE ERIE

Cleveland Man Attempts 32-
Mile Swim—A Feat Never
Before Accomplished

CLEVELAND, Ohio, Aug. 1.—Some-
where between Point Pelee, Ont., and
Lorain, Ohio, Carl Walker, Cleve-
land swimmer and former member of the
Outrigger Canoe club of Honolulu,
today, was attempting to swim across
Lake Erie—32 miles—a feat never
before accomplished.

Trained to the minute and confident
of success, Walker dived into the water off Point Pelee lightship at 7
o'clock last night, according to ad-
vices received here from Leamington,
Ont., the nearest point of communication.
Walker is accompanied by the
power boat Argus and a canoe and
expects to complete his narration
aerial feet within 28 or 30 hours.
Neither craft is equipped with wireless,
and it is doubtful whether any word
as to Walker's progress will be
received, although four newspapermen
are aboard the Argus.

MEETING OF ST.
JOSEPH'S ALUMNI

St. Joseph's Alumni held a meeting
at the college hall in Merrimack street
last evening with Pres. Joseph Mont-
gomery presiding. Important business af-
fairs were transacted and the outing
committee submitted their reports. The
annual outing will take place Sunday,
on the Geneva club grounds. The mem-
bers of the alumni will receive com-
munion in a body at the 7:30 o'clock
mass at St. Joseph's church Sunday, after
which final arrangements will be
made for departure. At 11 o'clock the
members and those participating in the
affair will leave in automobiles for the
grounds. The afternoon will be devoted
to sports, among which will be two
baseball games, one for the juniors and
the other for the seniors. Track meets,
broad jumps, potato and various other
races, for which prizes will be awarded,
will also fill the program. Among the
prizes to be given are a chest of sil-
ver, cigars, safety razors, flashlights
and other useful articles.

The installation of officers will also
take place at the grounds. A new
board and executive committee will be
nominated. The executive committee
of St. Anne's school, Lawrence, will
preside at the election.

New York and New Haven to
Do Away With Coal
Switching Charge

Word has been received at the cham-
ber of commerce that the New York,
New Haven and Hartford railroad,
through the New England freight bu-
reau, has decided to grant the request
of the chamber and will do away with
the 50 cent switching charge of coal
shipments to Lowell from Providence,
R. I., ports.

This is one of the greatest conces-
sions granted to Lowell by any rail-
road and opens up another port through
which coal may be brought into this city
at an equal rate with shipments coming
through Boston harbor. The freight
charge on soft coal per gross ton, is
\$1.46 from Providence and \$1.32 from
Boston. This difference of 12 cents is
equalized as the cost of shipping coal
by boat from tidewater is 13 cents more
to Boston than to Providence.

While this new concession will not
lower the price of coal in the slightest,
it will make it possible for the coal
dealers to have their coal shipped
through Providence in case Boston har-
bor is congested or embargoed, at the
same cost for freight.

The chamber of commerce, the New
Haven railroad, and the N. E. freight
bureau all investigated conditions here
prior to the granting of this concession
and it was estimated that about
120,000 tons of soft coal, about half the
soft coal used in this city, would be
shipped to Lowell via Providence if
the switching charge were abolished. It
was on this estimate that the New Haven
road decided to grant the demand
of the chamber and of the freight bu-
reau and do away with the switching
charge.

The letter received today from the
N. E. freight bureau, says: "It will be
unnecessary to present this proposition
for public hearing as the same has been
approved and recommendation made to
the proponent carrier to publish the
proposed rate."

Although the coal dealers will not
have to pay this switching charge,
which is really the cost of transferring
cars from the New Haven to the Bos-
ton & Maine, the railroad company will
have to pay for the work just the same,
and they are figuring that a great in-
crease in the amount of coal shipped
into Lowell via Providence will more
than balance the loss they take in doing
away with the switching charge.

FAIRBURN'S CLERKS HOLD
OUTING AT REVERE

"Yes, they have no bananas" or any-
thing else at Fairburn's market today,
for the simple reason that the market
is closed and the clerks are enjoying
their annual outing at Revere. Two
large trucks, filled to capacity with
smiling men and women clerks left
the store about 9 o'clock this morning
and everyone appeared in a happy
mood despite the threatening clouds
which hung over the city at the hour
of their departure.

The first stop was made at Thompson's
grove in Wilmington, near Silver
lake, where a program of light sports
was indulged in until the noon hour.
At 12 o'clock a hearty dinner was
served and when all appetites were ap-
peased, the trip to the beach was be-
gun, arrival being made in the afternoon.
Here the amusements along the
seaside attracted the pleasure-seekers
while many defied the chilly at-
mosphere and took a dip in the ocean.
The return trip is slated for an early
hour this evening.

PAPER STARTS WORK
ON NEW HOME

Work on the reconstruction of the
present mill storehouse into a new
home for the Courier-Citizen News-
paper Co. began today, following the
passage of title yesterday afternoon.
The contract has been awarded to the
Tunels Construction Co. of this city.

STREET RAILWAY MEN'S MEETING

A special meeting of Division 230,
Americanized Association of Street and
Electric Railway Employees has been
called for this evening at 8 o'clock
and 12 o'clock. While the reason for
this meeting is not given, the notice
is believed to be the report on the
matter of arbitration, which has been submitted
to the men.

MERRIMACK PARK

REAL MUSIC
AT LAST

Lowell patrons of Merrimack
Park now have a chance to

Snow Removal Plan Advanced

Continued

Lawrence for a definite snow removal
program for next winter on the Law-
rence-Boston turnpike, for the proposi-
tion embraces a proposal that the state
highway department forget the
Lowell-Boston route and concentrate
all its efforts and resources to areas
which could more easily be kept in
passable condition.

At a recent hearing on the matter
at the state house before the state
highway commission, Thomas A. Col-

ins, a brother of Dr. William Collins, to Boston than several embracing con-
of Lawrence, representing the Lawrence stan-
danger of blockades and while it
Automobile club, advanced the proposi-
tion outlined above and other Law-
rence citizens augmented it with argu-
ments in favor. Mr. Collins also pre-
sented a plan which would divert all
Lowell and Haverhill trucking to Law-
rence and thence to Boston, with the
anticipation of favorable action on the
part of the commission in view of
such a concentration of traffic.

It is the contention of the Lawrence
men that it would be more advantage-
ous to have one easily passable route
soever.

LOWELL DAY AT DEVENS DEATH OF HARRY STOCKS

Relatives and Friends of Local
Boys Enjoy Pre-arranged
Program

Lowell and Camp Devens joined
hands in friendly greeting this after-
noon when a large contingent of rela-
tives and friends of Lowell's crack
military units, Battery B and the Head-
quarters company and Combat Train,
which is rounding out a two weeks
tour of duty at the familiar encamp-
ment, participated in the many fea-
ture events of the prearranged pro-
gram in connection with "Lowell day,"
the most enjoyable of the annual train-
ing period.

"Lowell day" is also governor's day
at the camp and among the dignitaries
who received invitations to attend were
Gov. Cox of this state and Gov.
Baxter of Maine. Gov. Cox was un-
able to attend, but Lt. Gov. Fuller was
on hand to represent the state. The
executives were allotted special seats
in the reviewing stand for the big arti-
llery parade which followed this afternoon. Low-
ell was represented by a number of former
guardsmen, while the chamber of
commerce was represented by Assistant
Secretary Edward W. Gallagher. Manager
Charles H. Leathers of the telephone
company, was also among those
present to enjoy the exercises, while
Maurice E. McCormick, manager of the
street railway company, was the
special guest of Lt. George Emsley of
the battery. In civil life, Lt. Emsley is
official claim agent for the railway
company.

Capt. George Faneuf was in direct
charge of the Battaury boys and Louis
Ariston Barrows of the Combat Train
during the afternoon's festivities. Al-
though the mounted review was the
feature event, the program also included
a sensational "walk, trot and gallop" past the review stand, and other tactics familiar to batteymen.

The Sun will give a detailed account
of "Lowell day" in tomorrow's edition.

Member of Business De-
partment of Courier-Citizen
Dies at Hospital

Harry Stocks, for many years con-
nected with the Courier-Citizen Co. in
its business department, specializing
particularly in the circulation field,
died last night at the Lowell General
hospital after a long illness. His age
was 65 years. Mr. Stocks was widely
known throughout the city where he
had lived since early childhood. He was
active in the work of the First Baptist
church, where he served as a deacon
and in addition had been identified
with several musical organizations
and church choirs. He was a charter
member of the Lowell Choral society.

Harry Stocks was born in Accring-

HARRY STOCKS

ton, England, Sept. 21, 1857, and came
to Lowell at an early age. He was
manager of the Lowell Morning Times
office for 15 years, leaving there to
succed William Hatch as a circula-
tion manager at the Courier-Citizen,
shortly after the merger of the Lowell
Daily Courier and Morning Citizen.

At the time of his death Mr. Stocks
was cashier of the circulation department,
having served a period of over 27 years.

Miss Beatrice Trudeau of the Colum-
bia Textile Co. left today for a
two weeks' motor trip to Canada.

Miss Bertha Trainor of the A. G.
Pollard company is spending the week
at Babcock lake.

Mrs. S. Pinard, and daughters, are

beach.

Mrs. Sophie Gendron and Mrs. James
Mason and daughter, Florence, are
spending three weeks at Revere, N. H.

Miss Mary Rourke of the Gagnon Co.
and Miss Mary Keegan of Abbott
street, will spend the next two weeks
at Nahant.

The description of the new Sacred
Heart rectory published in yesterday's was inadvertently omitted.

47 Killed, 37 Injured in Train Wreck

BERLIN, Aug. 1.—(By the Associated Press)—Forty-seven per-
sons were killed and 37 injured in yesterday's railway accident at the
Kreienzen station when the Hamburg-Munich express collided with a
standing train. The engineer of the express is said to have been unable to
see the signals set against him and the locomotive crashed through the
other train. Most of those killed were badly mangled, and identification
was difficult.

British Gunboats Ordered to Amoy

HONG KONG, Aug. 1.—(By the Associated Press)—Because of the
fighting between rival Chinese factions at Amoy, the British gunboats
Diomedes and Fox Glove have been sent to that port. Looting is feared.
The British and Japanese consuls asked for gunboats to protect foreign
lives and property.

Dr. Weinstein Reported Missing

NEW YORK, Aug. 1.—Dr. Julius Weinstein, a stomach specialist liv-
ing on West End avenue, who gave up practice a year ago after a
nervous breakdown had sent him to a sanitarium at Kingston, N. Y.,
today was reported missing. He left the Brooklyn home of his brother-in-
law, Philip Levine, on July 4 stating he was going for a short walk. His
relatives told the police they had not seen him since.

Bandits Beat Teller and Flee With \$16,000

BALTIMORE, Aug. 1.—Three bandits entered the state branch of the
Baltimore Trust Co., Baltimore and Commerce streets, before banking
hours this morning, beat Russell K. Forsyth, paying teller, into insensi-
tivity and escaped with \$16,000 in bills.

Application of Dry Law Again Postponed

CONSTANTINOPLE, Aug. 1.—The application of the law prohibiting
consumption of liquor in Constantinople which was fixed for Aug. 1
